GC police board sees 'politics'

Feeling that they are being singled out for unjustified abuse during the current Granite City municipal election campaign, police are reacting angrily.

And the Board of Fire and Police Commissioners "got into the act" with a letter Friday charging politicians with a deplorable attitude that has existed in this town for a long time — something that I feel should not be allowed to continue.

Weldon Burch, chairman of the police-fire board, wrote Albert C. Pritchett of C&P as follows:

"Please be advised that all of the allegations of your undated letter will be fully investigated by the Board of Fire and Police Commissioners of the City of Granite City and the state's attorney of Madison County.

"However, since your family is active engaged in Dan Partney's campaign for mayor, it is difficult to believe that your charges against these officers, which have some of the finest

records in the Granite City Police Department are not politically motivated."

Describing himself as principal of the security services firm, Pritchett had written to Burch, saying, "I wish to call to your attention a deplorable attitude that has existed in this town for a long time — something that I feel should not be allowed to continue."

"I am referring to the brutal tactics some, not all, of our police officers employ in effecting arrests," Pritchett alleged.

"I had occasion to witness, on the night of Feb. 19, 1977, at 8:45 p.m., an incident at the Pizza Hut on Johnson Road. "When I arrived, there were two squad cars in the parking lot. They were parked in a manner indicating the officers arrived in a rush, doors open, motors running, lights on, etc.

"The conversation I overheard inferred the two men had been causing a disturbance in the Hut and had been asked to leave by the manager. Their refusal caused the police to be called.

"It appeared to me that the two men were intoxicated — slurred speech, unsteady stance, etc. The officers were talking using loud and profane language and making threatening gestures with their nightsticks by poking the men in the chest.

"It is my personal opinion, based upon 13 years' experience in law enforcement, that the two officers gauded the two men into swinging at them.

"Once the first man swung at the officer, the officer responded by striking the man on the head with his nightstick. A struggle ensued and both of them ended up on the floor.

"The second officer was standing behind the second man and, before the man could react, the officer struck him on the head with his nightstick," Pritchett charged.

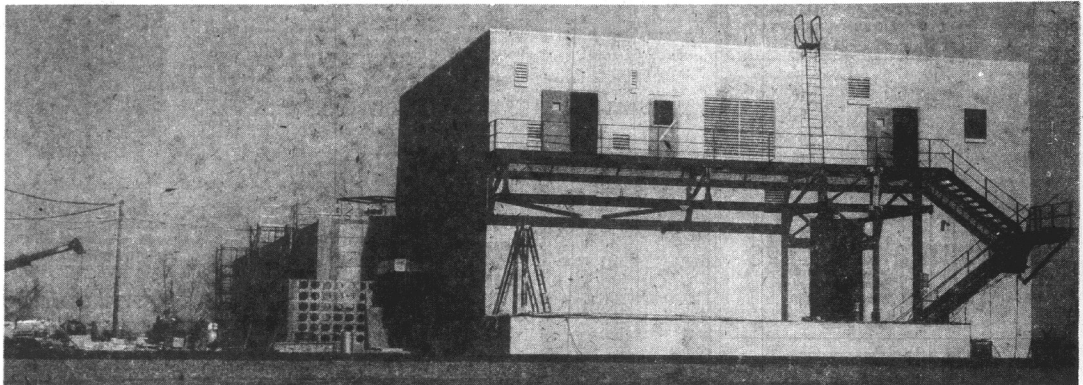

"At this time, all four subjects were on the floor. The officers were repeatedly striking the men about the head and shoulders, causing a great deal of bleeding.

"I normally would have only intervened if I felt the officers needed help.

"But in this case I thought the sooner the men were restrained, the less beating they would receive. I, therefore, assisted the officers in handcuffing the men.

"After being handcuffed, the men were violently dragged, yanked and shoved toward the door. They were shoved into the heavy doors head first, which caused one to be knocked to his knees.

"Once outside, the men were thrown to the ground. One man left his change on the counter. I close at 1 a.m. today for 30 days.

CONSTRUCTION MOVES AHEAD on a multi-million-dollar water treatment system being built by Granite City Steel Near Horseshoe Lake. The two-story treatment plant shown here will give the water advanced treatment to meet federal and state

requirements. The steel mill uses the water before treatment in several processes. The system is scheduled to go into operation about mid-July.

Scott Barker dies in crash

Scott Allen Barker, 18, of 2033 Park Ave., was injured fatally at 11:30 p.m. Friday in an auto accident in the 1800 block of Madison Avenue.

Barker was northbound on Madison Avenue, when his car struck a bump in the right lane, hit the curb and spun out of control.

Mr. Barker's car went into the southbound lane striking a car driven by Richard J. Griffin, 42, of 2007 Garfield Ave., and then crashed through the showroom window of B. E. Hohl Ford, 1837 Madison Ave. Griffin was treated at St. Elizabeth hospital and transferred to Firmin Desloge in St. Louis suffering head injuries and multiple cuts and bruises. He is reported in serious condition.

The Granite City Fire Department rescue squad was called to the scene and spent an hour cutting apart the damaged auto to free both drivers.

A fire department pumper also was called to wash down the gasoline that spilled on the streets from the two cars.

Mr. Barker was a student at Granite City High School South and was a student worker at Keller's Farm in Glen Carbon. He is survived by his mother, Mrs. Lola (Hick) Barker of Granite City, one brother, Nyle

SCOTT ALLEN BARKER

Barker of Madison; three sisters, Miss Robin Barker of Granite City, Mrs. James (Vicki) Witta of Bunker Hill, Mrs. Jim (Cheryl) Keith of Lincoln, Iowa; and grandparents Mr. and Mrs. Mervin Barker of Potosi, Iowa; and Mrs. Gertrude Hick of Guthrie Center, Iowa.

Funeral arrangements are listed in today's obituary column.

Train severs leg

David Gibson, 9, of 1720 Spruce St., was in stable condition at Cardinal Glennon Hospital today after a railroad train severed his right leg below the knee, at 4:35 p.m. Saturday.

Young Gibson and a companion, William Woosley, reportedly were looking for ball bearings along the railroad tracks one-half mile south of Niedringhaus Avenue.

The friend told police David jumped aboard a 127-car freight train as it went by, and when he tried to get off his right leg was caught beneath the wheel.

The boy's friend ran for help and stopped a car near American Steel Foundries.

David arrived at 4:45 p.m. at St. Elizabeth Hospital where he was given emergency treatment and then transferred to the St. Louis hospital at 5:15 p.m.

He is the son of Ronald and Sandra Gibson and is a fourth-grader at Washington School.

According to the boy's father David was moved from the intensive care section of the hospital into room 406 Sunday afternoon.

"David is doing fine, can have visitors and receive cards. The doctors believe he can be fitted with an artificial limb," the elder Gibson said.

On and off the record Rain — 3½ inches — ends the drouth, floods streets and clogs flow of traffic today

Heavy overnight thunderstorms, including a storm with high-gusting winds at 8:55 a.m. today, dropping 3.5 inches of rain on the Quad-Cities, flooded streets and overtaken drainage pumping stations throughout Granite City and other parts of the area.

An additional 1.4 of an inch of rain fell early Sunday morning, bringing the total from midnight Saturday to 3.64 inches, as of 8 a.m. today. Rainfall readings are made at the Chain of Rocks locks at 8 a.m. daily for the previous 24-hour period.

Rain fell throughout Sunday night and early today, varying in intensity. The continued rainfall soon filled many street intersections from curb to curb and made it impossible for pumping stations to carry off the heavy drainage flow.

The National Weather Service at St. Louis told the Press-Record that wind gusts that accompanied the storm at 8:55 a.m. today were as high as 52 miles per hour, while some gusting was reported in other parts of the region as high as 62 miles per hour.

A number of power lines were blown down and a spokesman for Illinois Power Co. said this morning that the utility was still assessing the extent of the damage. Power was cut off in different sections of the area by the wind damage.

He said a primary line was reported down, behind the Granite City Steel blast plant, affecting about eight customers, and that up to 10:30 a.m. the company received about 25 individual service calls because of lines blown down or sagging.

(Continued on Page 3)

Weather outlook for this region

Several periods of rain this afternoon, ending tonight. High today in the mid to upper 60s. Cloudy and cooler tonight with low about 50. Sunny and warm Tuesday. High in the low to mid 70s. Wednesday through Saturday clear to partly cloudy with no precipitation expected. Afternoon highs in the 50s.

Morning lows in the 30s except mid to upper 20s on Thursday.

Bids are extended

Walter "Dick" Sparks, chairman of the Madison County Board's special sewer committee which is planning the construction of sanitary sewers in Nameki and Chouteau townships and a portion of Venice Township, announced Thursday that the low bidder on the sewer construction has agreed to honor his bid price up to June 30.

There was fear an appeal of a lawsuit on the sewer issue might delay the project's beginning beyond a date on which contractors could honor their bid prices.

Sparks said Thursday the county now is confident a hearing on the appeal can be held prior to the June 30 date so contracts can be awarded without rebidding the work and facing a subsequent rise in the prices.

The low bid on the work is a joint bid from S.M. Wilson and Co. and G.H. Sternberg & Co., both of Granite City, at \$15,664,306.

State and federal grants will pay about \$12 million of the construction cost, leaving the local share to be paid through the sale of about \$4 million in general obligation bonds.

The bonds are to be repaid through taxing persons in a special service area in which the sewer users reside.

Opponents of the special service area and a plan to repay the bonds through taxation filed suit against the county asking that the project be halted on several grounds, including unconstitutionality.

A circuit court judge dismissed the suit, but a small group of opponents filed notice of appeal with the Appellate Court in Mount Vernon.

Transcripts of the Circuit Court hearing and other pertinent data are being prepared in preparation for setting a hearing date on the appeal.

Representatives of the sewer committee Friday expressed optimism the appeal can be sent directly to the Illinois Supreme Court within the next week or two and a decision can be reached before the extended deadline on the construction contract passes.

In a letter to Sparks, David Parrish, vice-president of G. H. Sternberg & Co., and Wayne M. Hellemeier, vice-president of S.M. Wilson & Co. agreed to extend the bid price to June 30. They said, "We hope this additional time extension will give ample time for the resolution of the litigation that is holding up the project."

We are granting this second extension of bid holding time for two reasons: we would like to

Hundreds of citizen band radios here

CB tales by Lil Squaw (Cathy Jamison):

Citizen band radio isn't new — It's been around since about 1959.

But in the past couple of years it has grown to where there are more than 13 million sets in operation.

I'm sure that at times it seems that all 13 million are here in Granite City.

The CB'ers who are in Granite City are brought together constantly. There are many clubs and organizations in the Illinois area and in St. Louis that CB'ers join in order to have social contact with each other.

Groups like CB'er and Reat are helping people every day. If you are a CB'er, then you know how CB'ers are always willing to help out. If you are in any kind of trouble — help is as close as your radio.

If you are not a CB'er, you can generally find a CB'er close by if you are in trouble and can't get to a phone.

I operate a base station and two mobiles. I have the base station turned on and tuned in to Channel 5 all the time.

I turn the radio on early in the morning and off late at night. I make it a point, as do hundreds of other CB'ers, to listen for 10-33's (a national code for "help needed").

I have a phone next to the radio and am prepared to inform the proper people of any trouble.

There are hundreds of situations where a CB radio and a telephone can speed up police, ambulance and firefighters.

Of course, CB is meant for personal use between family members — base to mobile and such. But most of what goes on is just plain fun — people talking to people.

With the lack of communication in the world today, CB is a bright ray of sunshine. The hard-hat steelworker is a friend of a long-haired "hippie."

The shy little lady has so many friends she has to go to a CB club "break" to see all of them.

The housewife doesn't go house-crazy because she can talk to other people. Shutting can talk and make new friends 'all over town.

It's a great thing to be a part of, and I love it. In following weeks I will tell you on things that are going (Continued on Page 14)

STATE BANK CHARTER RECEIVED. Henry D. Karandjeff, center, president of the American National Bank of Granite City, Nameki and Fehling Roads, receives a state charter for the bank from Richard K. Lignoul, fourth from left, Illinois commissioner of banks and trust companies, Friday afternoon. The bank, previously a

nationally chartered institution, will now be known as the American Heritage Bank of Granite City. Owners on hand are (from left) Dave Giese, a vice-president; Robert Karandjeff, a director; Paul Kelly, director; Lignoul; H. D. Karandjeff; William Kozay, Dr. A. D. Karandjeff and Ernest Bickhaus, directors; and C. J. Baricevic, vice-president.

Blood drive here to help cancer, leukemia patients

Area residents have until 7 p.m. today and from 2 p.m. until 7 p.m. Tuesday to donate blood at the Red Cross bloodmobile, stationed at Concordia Lutheran Church, 23rd Street and Grand Avenue.

Blood collected here today and tomorrow will be used for cancer and leukemia patients receiving chemotherapy and for persons undergoing major surgery.

Only three-per-cent of the

American people provide all the blood needs for the remaining 97-per-cent of the U.S. population, statistics show.

Blood needs in the Quad-Cities alone is 750 pints each day. Other than a fee to process the blood, patients are not charged for the blood used in surgery, provided accident victims to combat shock, or transfusions given cancer and leukemia patients who are unable to survive chemotherapy treatment without platelets, a short-life blood derivative separated immediately from whole blood contributed at bloodmobiles.

"We urgently need the blood donated in the drive here to manufacture the platelets for the cancer and leukemia patients," John Byrd, a Red Cross representative, informed Church Women United (CWU) members and the general public.

Blood collected in Illinois and Missouri at locations more than one hour's driving time away from the processing center at the Missouri-Illinois Regional Red Cross Blood Center, 4050 Lindell Blvd., St. Louis, cannot be used to produce the vital platelets, Byrd explained.

"We must rely on people living fairly close to the processing center for the hundreds of platelets the hospitals need seven days a week," Byrd said.

The blood drive here today and Tuesday is the first this year. Church Women United of the Quad-Cities sponsors four such drives annually.

KEEP A GOOD SUPERVISOR PAID FOR BY COMMITTEES TO RE-ELECT HAGBAUER

BLOOD COLLECTED TODAY and Tuesday at Concordia Lutheran Church will help cancer and leukemia patients on chemotherapy survive, John Byrd of the American Red Cross, explains to representatives of Church Women United (CWU), blood drive sponsors. The public may donate blood between 2 p.m. and 7 p.m. today and Tuesday. Listening to Byrd, from left to right, are Sharon Rush, Dolores Vogeler, Ruth Mann, Byrd, Helen Baran, CWU Blood Program chairman, Peggy Belcher, Ertha Johnson (partially hidden), Sarah Metcalf and Lenore Welty.

Band students compete

At a District Solo and Ensemble contest held at Collinsville, the following elementary band students of the Lake Division Band, received first-place ratings.

They are: Terry Counts, cornet class D; Sheila Bristol, clarinet class D; Dawn Muskin, clarinet class E; Sherri Ogden, flute class E; Bonnie Burns, flute class E; Mary Miles, clarinet class E; Angela Sheeley, flute class E; David Beebe, baritone class E; Dina Lance, tenor sax, class E; Terri Reichwein, clarinet class E.

Students who also received first place ratings on their ensembles were a clarinet trio: Dawn Muskin, Mary Miles and Terri Reichwein, class E; and a flute trio class E, Angela Sheeley, Bonnie Burns and Sherri Ogden.

All of the students are instructed by Sterling Schoen who is director of the Lake Division Band. Students are from Sheeley, Wilson, Lake, Emerson and Webster schools.

SEEK SMALL BURGLARS

One or more very small burglars broke into the office of Midwest Steel Co., 1107 Twenty-second St., but it is not believed anything was stolen. It was discovered Thursday. Entry was gained by breaking and crawling through a window which was 15 inches square. Some jagged glass was left in the window, but there were no signs the burglar had cut himself on the small window. Several desk drawers were searched.

Rain

(Continued from Page 1)

knocked down by falling tree limbs.

Power was off for about 25 minutes shortly after this morning's wind knocked down a power line in the 1700 block of Rhodes Street in Madison, near Sixth and Alton streets. Venice police reported they had no power failures in that area due to the storm.

Winds also accompanied the thunderstorms early this morning, but were not of the intensity of that which hit the area shortly before 9 a.m.

A strong gust of wind at 8:55 a.m. blew a large sign off the National Steel Corp. building at 20th and State streets into the street and power lines from the sign fell onto the sidewalk, causing a hazardous situation at that corner, but there were no injuries.

Granite City police had all of its police cars busy on storm damage calls when a report of a tree blown into the street at Route 3 and West Pontoon Road was received. Illinois State Police were requested to assist and responded to that location. No reports were available from that troopers this morning on that incident.

Granite City police also notified Illinois Power Co. this morning of hot lines down in the alley between the 2100 blocks of Washington and Lee avenues, as well as the lines down the National Steel Corp. sign.

While many counties near Madison County were under tornado warnings this morning, Madison and St. Clair counties remained under a severe thunderstorm warning. Tornadoes were sighted by the public about 8 a.m. in Mascoutah and near Pinkneyville, with several sightings reported in Missouri.

The tornado warning continued through 10 a.m. today in the Illinois counties of Perry, Franklin, Jefferson, Clinton, Washington, Marion and Bond, while the Madison, St. Clair, Monroe, Randolph, Terry, Washington, Clinton, Jackson and Williamson counties area remained under a severe thunderstorm warning.

The entire southern two-thirds of Illinois and parts of Missouri were under a flash-flood warning most of the night and this morning.

Thunderstorms stretched in a line from Mexico, Mo., to Carbondale, Ill., moving to the northeast at 20 miles-per-hour at 9:30 a.m. today while the tornadoes were moving the same

direction at 40 mph, according to the National Weather Service in St. Louis.

Illinois State Police said they had received unconfirmed reports of serious damage to property in Madison County near Highland, and at Barteloo in Clinton County due to high winds, but no sightings of tornadoes were reported.

Large pieces of roofing paper were seen being blown from the roof of the state driver's license examining station, 1815 Edison Ave., and striking several autos parked just north of that station.

The rain and high winds kept the Granite City police and street departments busy throughout the night.

The winds set off burglary alarms at several businesses, the heaviest concentration being between 2:25 a.m. and 3:35 a.m. today.

Reports of lift stations being overloaded with water started at 2:45 a.m. today. By 3:51 a.m., three of the city's 17 stations were overloaded and turned off and crews were dispatched to pump the water around the lift stations.

By 3:50 a.m., eight stations were overloaded and the number continued to increase until it peaked at 6:30 a.m. with 13 of the 17 stations being overloaded.

At 8 a.m. today, pumping operations were continuing at 11 lift stations.

Portell said most of his street crews were called out by 3 a.m. today and at one time all but two of the city's lift stations were experiencing problems.

Three portable pumps were used to try and relieve areas of high water.

Portell said it became necessary to close streets in four areas due to high water. East 20th Street in the Quincy street area and all of North Granite City had to be barricaded because of traffic was causing the high water to be pushed into yards and, in some areas, the water was washing against foundations, endangering the houses.

High water also caused West Pontoon Road and Myrtle Avenue to be closed for a period this morning.

Unconfirmed reports were received by Portell of water as deep as two and one-half feet near the Doherty Slough.

The pump used to drain the slough has been out of service for some time and was removed last week for repairs. It was

SURPRISE GIFT is given to retiring Granite City Police Lieutenant Leo Padgett, center, by his fellow officers during a retirement party last week. Padgett's retirement became effective yesterday. He had worked for the police department since Feb. 15, 1949. Padgett

received 18 commendations during his career as a policeman and detective. He is shown as he opened a gift, an engraved watch. From the left are Capt. Everett Kelly, Patrolman David Rosenberg, Padgett, Lt. Col. George Teller and Lt. Joseph Nemeth.

Red Devil award banquet Tuesday

Venice High School Principal John Rush has announced that advance tickets, at a cost of \$5.25 per person, for the Red Devil sports award banquet to be held tomorrow at 6:30 p.m. at the Holiday Inn, Collinsville, may be purchased during regular school hours in the school's main office.

Members of the 1976-77 Red Devil basketball team will be honored during the event.

The contest pits junior and senior student girls against members of the school's women faculty, with men cheerleaders at the sidelines for each team.

Powderpuff game at South tonight

Francesca Anselmo, president of the junior class at GCHS South, is reminding persons planning to attend a "powderpuff" basketball contest in the Granite City Memorial Gymnasium tonight at 7:30 to obtain tickets, costing 50 cents per person, at the gym door prior to the fund-raising event.

The contest pits junior and senior student girls against members of the school's women faculty, with men cheerleaders at the sidelines for each team.

Train derailed; chemicals leak from tank car

A 123-car Chicago and Northwestern Railroad train which left the Madison rail yards for Pekin about noon Sunday derailed at the west end of Fourth Avenue in Edwardsville at 1 p.m. Sunday.

Eight cars, including a tank car carrying a toxic and flammable chemical, left the rails and the tank car developed a small leak, allowing the chemical, styrene monomer, to leak out. Most of the leakage

was caught in barrels, but less than 100 gallons did escape into Splitzer Creek, which flows into Cahokia Creek and then into the Mississippi River.

Since the chemical will float on the top of the water, no danger to fish or humans is anticipated, environmental officials predicted.

It was noted the derailment damaged the C&NW track and a section of the neighboring Illinois Terminal Railroad track and knocked down a telephone pole. There were no injuries.

Baby racket in state

By LESTER BELL

Press-Record

Washington Correspondent

Illinois is becoming a center for other states in the black market baby racket, supporters of Congressman Henry J. Hyde's bill to ban the sale of children testified last week.

Appearing at a hearing before the House Judiciary Subcommittee on Criminal Justice, three Illinoisans said a federal law is necessary to deter profitable interstate and foreign trafficking in babies.

Hyde, R-6th Dist., who has 23 co-sponsors for his bill, said childless couples in desperation are turning to the black market because it is becoming more difficult to adopt a baby through normal legal channels.

Hyde said babies have become a valuable "commodity" subject to the law of supply and demand, "selling often for fees ranging from \$10,000 to \$25,000. The profiteers" are the only real winners in this game of selling children."

Baby brokers are "contemptuous of state laws" and they often operate across state and national lines with little fear of prosecution, Hyde said, adding that this "great void in the law" must be plugged by a federal act.

Pam Zekman, an investigative reporter, said she posed as both an expectant mother and a prospective adoptive parent to get information for a series of articles on the Illinois racket.

She found an "interstate pipeline" operating "with little fear of the law catching up with

them" while continuing to build up a "flourishing business."

One lawyer in Chicago told her candidly: "That's my business; I sell flesh."

She said he deals in cash only. "The Illinois legislature is presently considering a bill to clamp down on these operations," she said.

Asked if she had found any "breeding farms, so to speak," she said "not precisely." But she cited a Florida law banning interstate adoptions for that very reason, and a California operation that "paid girls to get pregnant again."

She knew of "girls who were being used two, three times" in Illinois.

Nicholas Lavarone, assistant state's attorney for Chicago, said he has tried for four years to curb the operations, but that such crime is difficult to uncover.

"Only federal legislation can effectively put an end to the selling of defenseless infants," he said.

"Illinois is a recruiting center for expectant mothers channeled to the East Coast," Lavarone said.

"Illinois is becoming a farm for the other states."

Mervin R. Crow, director of the Illinois Children's Home and Aid Society, Chicago, declared that "children should not be sold under any circumstances."

He called for a federal statute on placement of adopted babies.

"It can't be left to amateurs and self-styled practitioners," he said. "The emphasis needs to be on the child and his best interest."

GC police

(Continued from Page 1)

gave it to an officer who attempted to put it into the man's pocket.

"The man called the officer a name and the officer again struck the handcuffed man while he lay on his back.

"At this time, a backup squad arrived and the men were taken away. This is only one of many incidents of which I am aware," Pritchett said.

"Now on to the main purpose of this letter. On Saturday morning, March 18, 1977, at 12:30 a.m., the letter writer alleged, a detective "physically assaulted my security guard at the Pizza Hut."

"This was an unprovoked attack. I won't go into the details in this letter because I wish to request a formal hearing to determine the guilt or innocence of this detective.

"I also feel this officer should be suspended, pending the outcome of the investigation the state's attorney is investigating."

"I think that a police officer should conduct himself properly at all times or not be allowed to work."

Pritchett said he also wishes to have the board investigate three police officers he says are working as private investigators for a law firm.

He said he understands one drives "an auto owned and maintained by the law firm that has a city-owned police transceiver in it. I believe this violates city ordinance," Pritchett said.

"I also contend it is a conflict of interest for these officers to engage in this work."

"They, by the virtue of their office, have access to private records that could be used in their off-duty employment. If they are doing this it violates federal law," Pritchett said.

"I can assure you I fully intend to pursue this. I would appreciate your immediate response to this problem."

"RELAX! IT'S STUFFED, but there are two bigger brothers at home," Don Dayton, 922 Grand Ave., Madison, notes as he displays the remains of Georgette, a rainbow boa constrictor which died recently at the age of 2½ years. Dayton keeps his snakes on his farm in New Baden. Georgette grew to 6½ feet long and weighed 26 pounds when she died. Her brothers are 15 feet long each. Georgette was stuffed by Ted Jones of Four Seasons Taxidermy in Granite City.

Struck by board

Frank Valenzuela, 28, suffered a severe bruise and swelling to his right hand and wrist when a young man assaulted him and struck his hand with a board between the 700 and 800 blocks of Kirkpatrick Homes at 9 p.m. Sunday.

Valenzuela went to St. Elizabeth Hospital for x-rays and a splint was applied to his hand before he was released. There were no broken bones, authorities said.

The victim said he was walking through the housing project when he was assaulted. He described his assailant as in his early 20s, about 6 feet tall, weighing about 175 pounds and having medium-length brown hair. He wore blue denim pants and jacket.

GC Lions receive charter

The newly organized Granite City Lions Club received the official charter from Lions International at a dinner meeting Friday night at the Top of the Barrel Restaurant.

District I-G Governor Mel Schuchardt presented the charter to Harley G. Davis, club president. Davis is the executive vice-president of the

First Granite City National Bank. Officers of the new club are: James F. Miller Jr., first vice-president; Don A. Watson, second vice-president; Mathew Kezele, third vice-president; Keith Fears, secretary and treasurer; Ted Barr, tail twister; and Dominic T. Loyd, lion tamer.

Vernon K. Heuchert, past district governor served as master-of-ceremonies. The club has 29 charter members.

Robert E. Maxey, also a past district governor, was the guest speaker. The organization of the new club was sponsored by the Madison Lions Club.

Richard Bright, president of the Madison Lions Club, and Jim Riskovsky, deputy district governor and a member of the Madison Lions also were present.

The Granite City Lions meet on the second and fourth Thursday evenings at the Top of the Barrel Restaurant.

Sadie Jurgena, 74, dies

Mrs. Sadie Jurgena, 74, of Rural Route 3, Edwardsville, formerly of Mitchell, was pronounced dead upon arrival at 6:40 p.m. Thursday at St. Joseph's Hospital in Highland.

Mrs. Jurgena and her husband, Robert, were dining at a restaurant in Alhambra when she suddenly became ill and was taken by ambulance to the Highland hospital. She suffered an apparent heart attack, it is believed.

Born in Witt, Ill., Mrs. Jurgena lived for many years in the Mitchell area before moving to rural Edwardsville 16 years ago.

She was a member of Hope Tabernacle Church in Staunton, Ill.

Beside her husband, Mrs. Jurgena is survived by two sons, Eugene Jurgena of Granite City and Ray Jurgena of Bethalto; two daughters, Mrs. Paul (Maybelle) Mayfield of Staunton and Mrs. John (Aileen) Cross of Edwardsville; two brothers, Jessie Compton of Redwood, Calif., and Charles

JEWELRY JOTTINGS

By RUSS WALKER

Gem diamonds are usually set with the underside exposed. This admits more light and adds to the brilliance of the stone. When cleaning your stone, be sure that the back is clean.

The easiest way is just to bring your stones to us for cleaning. We'll inspect them for loose settings, too. We make no charge for this service.

Kim Woodson is engaged

The engagement of Miss Kim Woodson of Granite City, and Walter Raymond Miller is being announced by the bride-to-be's parents, Air Force Lieutenant Colonel and Mrs. Richard C. Woodson, RAF Lakenheath, England.

Parents of the prospective groom, Mr. and Mrs. Walter J. Miller, reside at 1540 Sixth St., Madison. He is a graduate of the University of Missouri, Columbia. He was a member of Beta Theta Pi Fraternity at the university and was on the varsity football team, there. He now works for the Campbell Soup Co., St. Louis.

Miss Woodson was graduated from Redlands (Calif.) High School and from the University of Missouri, Columbia in 1975. She belonged to Kappa Alpha Theta Sorority and is presently employed at Hudson Jewelers.

The engaged couple are completing plans for an Oct. 8 wedding to be solemnized at St. Mary's Roman Catholic Church, Madison.

Christina Birdsong marks 1st birthday

Mr. and Mrs. George Birdsong, 2708 Cayuga St., entertained at a family party last week at their home in observance of the first birthday of their granddaughter, Christina Birdsong.

The honoree is the daughter of USAF Technical Sergeant and Mrs. George Michael Birdsong of Alexandria, Va.

Mrs. Birdsong is the former Linda Schrieber, daughter of the Rev. and Mrs. Mac Schrieber, 2108 Missouri Ave. The father is stationed at Bolling Air Force Base and works in the Forestry Building in Washington, D.C.

A Cinderella theme was used in the party appointments, including decorations on the pink and white birthday cake. Refreshments were served to the honoree's parents; her maternal grandparents and children, Martha, Jamie, Judy and David; Mr. and Mrs. Gary Elkins and daughters, Lisa and Ruth; the Rev. and Mrs. Maxie Schrieber and daughter, Becky; Mr. and Mrs. Harold Gilleson and daughter, Cherie; and the Rev. and Mrs. Robert Blevins.

CEMETERIES OKAYED
National cemeteries as they exist today were authorized by an act of Congress July 17, 1962.

Bridal shower for Mrs. Tina Naeve

A miscellaneous bridal shower was given last week at the Disabled American Veterans Hall in honor of Mrs. Tina Naeve, the former Tina Mock.

Hostesses for the event were Mrs. Loretta Miller, Mrs. Freida Orr and Miss Judith Blattner.

"We Can Show You The Way!"

MR. AND MRS. DAVID DALLAS who were united in marriage at Emmanuel Baptist Church. The bride is formerly Miss Peggy Sue Smith, a daughter of Mr. and Mrs. Wayne L. Smith, 4024 Division St.

Dallas-Smith wedding at Emmanuel Baptist

Miss Peggy Sue Smith, a daughter of Mr. and Mrs. Wayne L. Smith, 4024 Division St., and David G. Dallas, a son of Mr. and Mrs. Gordon Dallas, 11574 Wanda Drive, exchanged wedding vows on March 5, at Emmanuel Baptist Church.

The Rev. Arthur B. Short performed a double ring ceremony at 7 o'clock in the evening.

Organist Mrs. Marge Ellsworth accompanied her daughter Marjean Ellsworth as she sang, "Time In A Bottle," "Colour My World," "The Wedding Song" and the Lord's Prayer.

Escorted down the white carpeted aisle and given in marriage by her father, the bride wore a full length white lace over satin gown created by her mother.

The fitted lace bodice featured a high collar and long full organza chiffon sleeves gathered at the wrists by wide lace cuffs.

Decorative lace motifs etched with pearls were repeated on the full skirt.

She wore a triple tiered, lace bordered veil which was held in place by a lace headpiece and she carried a bouquet of white roses, carnations tipped blue intermingled with baby's breath and greenery.

Miss Becky Clemons of Newhall, Iowa, a cousin of the bride, was maid of honor. Bridesmaids included Jo Ann Wheaton and Jaime Carter, another cousin of the bride.

They were gown in full length blue satin dresses complemented with matching lovely length lace capes.

Each attendant carried an arrangement of blue tipped carnations, white daisies and baby's breath.

Ken Hancock attended the groom as best man. Dennis Jones, Mark Jones, Ed Griffin, an uncle of the groom, and Rick Demaree, completed the corps of groomsmen and ushers.

A reception was held at the Moose Lodge after the ceremony with music provided by the Larry-Sim orchestra. A rehearsal dinner was held in the home of the groom.

parents on the evening before the wedding.

Both young people graduated from Granite City North High School in 1976. The bride is now employed at Brown Group Inc., Clayton, Mo. The groom also graduated in 1976 from Belleville Area College and is now working at Sisk Aviation Activities, Cahokia.

They are now residing in Granite City following a wedding trip to the Missouri Ozarks and Oklahoma.

Bambi Signaigo shower honoree

Miss Bambi Signaigo, an April bride-elect, was complimented at a bridal shower given by Mrs. Kay Quante and Mrs. Christine Smallman in the latter's home, 3725 Fair Oaks Drive.

Yellow and white streamers and clusters of white wedding bells decorated the serving and gift tables. A buffet luncheon was served after the honoree opened her gifts.

Guests attending included Mesdames Betty Signaigo, Bonnie Britton, Genevieve Kuzma, Joan Butkovich, Barbara Elmore, Elva Mae Spiceland, Evelyn Gloak, Jackie Christoff, Mildred Hiller, Marge Green, Bonnie Law, Harriet Hoff, Caroline Reagan, Minnie Sigle, Elsie Sekeky and Janet Harris.

Misses Cindy Baker, Carolyn Godin and Mindi Sigle.

Miss Signaigo will be married to Ronald Kuzma on April 16 at the Nameoki United Presbyterian Church.

EARL T. MOSLEY

Earl T. Mosley is seeking re-election April 5 as a trustee of Venice Township. He lives at 707 Bissell St., Madison.

"Born in Mound City, Ill., I graduated from the Mound City High School. I have resided in Venice Township for 30 years," Mosley comments.

"I am a member of New Salem Baptist Church, and am worshipful master of New Hope Masonic Lodge 22 of Madison, past grand senior warden of the State of Illinois, a 33rd Degree Mason and committeeman of Local 16 of the United Steelworkers of America."

"Also, I am treasurer of Canonite Temple of East St. Louis. I was formerly a policeman in Madison."

He comments, "I am seeking re-election in order to continue rendering needed services to the township." Venice Township includes the Madison and Venice areas.

BEN F. HONORABLE

Benjamin F. Honorable is an April 5 candidate for re-election as town trustee in Venice Township.

Honorable, 55, resides at 1041 (near) Calhoun St.

Born in Moscow, Ark., where he attended Oak Ridge High School, he has lived in this area 38 years.

"I am employed as a custodian at Blair School, and formerly was employed at the Granite City Army Depot," he comments.

"I am currently civil defense director of Venice."

Honorable adds, "I am a past master and member of Jericho Masonic Lodge 120, and past commander of American Legion Post 799."

"My wife, Elizabeth, and I have two daughters, Lisa and Debra."

"With sincerity and dedication to public service, I will try to continue to serve the people in the future as I have done in the past in my township."

JAMES WOODROME

James W. "Bill" Woodrome, 1100 Greenwood St., Madison, is running as an independent candidate in the April 5 Venice Township election. He seeks re-election to the Town Board.

Woodrome, 44, has three children, Bernard, Timothy and Julia. A member of the board for the past six years, he operates the Packem Inn tavern.

The candidate worked for ten years on the Venice-owned McKinley Bridge, serving as maintenance superintendent.

He comments, "I would like to be re-elected to be a part of continuing programs started for the betterment of the people of Venice Township."

"Among these programs are eyeglasses and hearing aids, tennis courts, lights for ball diamonds, trips for senior citizens and new equipment for cities as well as the township."

A former resident of Lincoln Avenue in Venice, Woodrome was appointed to the Town Board after the death of Larry Puett. He later was elected to a four-year term in April 1973.

Born in Dumas, Miss., he has resided in the Quad-City area for 18 years. A graduate of Soldan High School, he at one time worked for the St. Louis Post Office.

He is a past president of St. Mark's Credit Union.

RICHARD PATERSON

Richard J. "Popeye" Paterson, 1221a Oriole St., Venice, is a candidate for Venice Township trustee.

He has been employed at Gebco Machine Company for 22 years. He is a member of the St. Mark Holy Name Society and currently is serving as secretary. He is a member of the Machinists union.

Paterson attended St. Joseph Grade School and graduated from Granite City High School. He served two years in the armed forces from 1957 to 1959.

He has been married to the former Miss Rosemary Ponce for the past 20 years. They have two children, Linda Paterson, 16, and Eddie Paterson, 13.

Those seeking four township trustee positions as members of the Labor Citizens Party ticket are Paterson, Gary Novich, and two incumbent Town Board members, Ben F. Honorable and Earl T. Mosley.

Another present trustee, James Woodrome, is seeking re-election as an independent candidate. The fourth trustee post was held by the late Albert Topal.

GARY R. NOVICH

Gary R. Novich, 26, of 921 Lee Ave., Madison, is running for a post as Venice Township trustee.

A lifelong resident of Madison, he attended St. Mary's School, Madison High School and McKendree College, Lebanon, where he was a political science major.

Novich is a member of St. Mary's Catholic Church, the Holy Name Booster Society, Polish Lodge 1004, the Madison City Organization, Knights of Columbus, Madison Lions and Granite City Democratic Club. He is a licensed real estate broker in Illinois.

He previously was a candidate for Third Ward alderman, losing by 37 votes, and opposed an incumbent Madison county Board member, being defeated by 13 votes.

He comments, "Serving the public, especially Venice Township citizens, has always been my most sincere desire. I have been endorsed for the Town Board by the Madison and Venice city organizations."

"To serve in such an elective position along with Supervisor Christ Pashoff and all the candidates on the party ticket would be an honor. I am urging voters to back the full slate of candidates, and I promise we will continue to try to serve our community."

ELECT! FOSTER "FREDDIE" FREDERICK

INDEPENDENT CANDIDATE FOR 4TH WARD ALDERMAN

HITS UTILITY POLE

Richard R. Timmons, 27, of 24 Mooreland Drive, was admitted to St. Elizabeth Hospital for observation at 5:05 a.m. Sunday. Timmons was charged with reckless driving after his car allegedly struck and sheared off an Illinois Power Utility pole while heading north on Benton Street. Police reported his car went off the roadway on a curve.

Discuss township building tonight

The Chouteau Town Board of Auditors and the township's Community Development Advisory Committee will hold a combined meeting at 7 p.m. today to discuss interior furnishings in the new town hall and community center building under construction.

The combined meeting was called at the request of John Rapp, architect of the building, who noted the role he has about to go on the building and decisions must be made this week on the interior carpeting, painting and furnishings for the building.

The building, located by the town garage north of Interstate 270 behind the Midwest Motel, is being constructed with federal revenue sharing and county Community Development Grant funds at direct cost to the township's taxpayers.

A graduate of Holy Saviour Menard High School in Alexandria, the groom also received a B.S. degree in accounting from Louisiana State University. He is working as an accountant with the firm of Alf-Bob, Moroney & Co., Houston, Tex.

They are now residing in Houston.

Water Quality is club topic

Vicki Park of the East West Gateway Coordinating Council of St. Louis, spoke on "Water Quality" at a meeting of the National Secretaries Association, held at Tony's Restaurant.

President Gail Foley presided at the business session and Twila Edmonds, Illinois Division annual meeting coordinator, gave a report on the convention set for May 20-22.

She announced a secretarial seminar will be held on Friday, May 20, from 1 to 4 p.m. and that a tour of St. Louis and Grant's Farm is planned for those not attending the seminar.

Nominating committee chairman, Charlie Yuvovic, presented a slate of officers to be elected at the May meeting. Mrs. Yuvovic, chairman of the Future Secretaries Association committee, said the PSA Chapters will attend the May meeting of the adult group and will present a skit on "How Not to Run a Meeting."

Contributions are still being accepted for a donation to be made to the Meditation Chapel at Vista Grande Retirement Center, Albuquerque, N.M.

The April 7 meeting will be held at Charlie's Restaurant beginning with a 6:30 p.m. dinner.

Chouteau officials increase pay levels

The Chouteau Town Board of Auditors has approved a 10 per cent across-the-board pay increase for township elected officials, effective after April 5.

The resolution increases the pay of trustees from \$40 to \$44 per meeting.

The assessor's annual salary increases from \$8,000 to \$8,800;

the clerk's salary rises from \$3,000 to \$3,300, and the salaries of the supervisor and tax collector rise from \$6,000 per year to \$6,600.

The supervisor also receives \$50 per month for expenses.

The resolution does not change the annual salary of the highway commissioner, which is \$7,400 per year, plus \$100 per month for expenses.

Sanitary district ok's sewage treatment plan

Trustees of the Metro-East Sanitary District, meeting in Granite City Thursday afternoon, approved in principle a plan to build a \$35 million regional plant for secondary sewage treatment in the East St. Louis-Cahokia area, owned and operated by the village of Sauget.

A joint agreement on the proposal will be sought in a meeting Wednesday, April 6, at 10 a.m. at Southern Illinois University at Carbondale, from East St. Louis, Cahokia and the Commonwealth of Cahokia Public Water District. The plan has been advanced by Sauget which wants to operate the plant that previously was considered by the now defunct Metro-East Regional Treatment Association (MERTA). The MERTA program died because

participating agencies were unable to agree on how it should be governed.

Under the plan, the East St. Louis and Cahokia treatment (primary) plants would be taken out of operation as treatment plants and converted into pumping stations.

The sanitary district's treatment plant which serves the Washington, Park area, Madison and Venice, also would be used as a pumping station, while sewage from the area would be directed to the secondary treatment facilities in Granite City.

Russell D. Robinson of Granite City, chairman of the sanitary district board, said the district would be "getting out of the sewage treatment business for the Cahokia, Sauget, Alorton and Centerville areas if the plan is approved."

Births

Births recorded at St. Elizabeth Hospital.

GIRLS

Mr. and Mrs. Emil Klug Jr., 2904 Faith Ave., March 24, Leighann Marie, six pounds, 13 ounces.

Mr. and Mrs. Wilfred Eberhart, 2900 Forest Ave., March 24, Melissa Lee, seven pounds, nine ounces.

Mr. and Mrs. Donald Mitchell, 2033 Fifth St., March 27, Lynda Jean, five pounds, 12 ounces.

Mr. and Mrs. Charles Fulford, 2920 Willow Ave., March 27, Kristina Marie, six pounds, six ounces.

Stack returns to work today

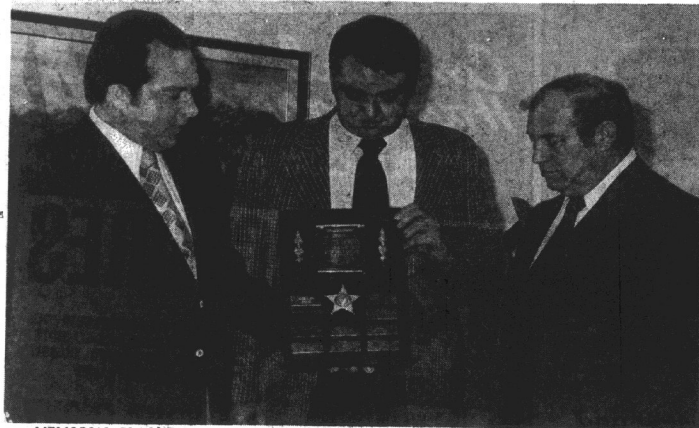

Jim Stack, assistant superintendent of streets in Granite City, returned to work this morning after recuperating for more than a month from carbon monoxide poisoning sustained in his auto Feb. 21 at 19th Street and Cleveland Boulevard.

Stack, 39, of 3209 Maryville Road, was found dead in the car and Stack, 28, was found unconscious with only faint signs of life.

After lengthy hospitalization in intensive care units both here and in St. Louis, Stack returned home several weeks ago to complete his recovery.

CRASHES INTO HOME
Terry Reynolds, 16, of 791 Tracy Lane, Granite City, was injured at 10:20 p.m. Sunday when an auto he was driving crashed into the living room of a home at Rural Route Two, Box 794 (Old Alton Road), causing \$1,000 damage to the structure owned by Armin Lux. Reynolds was admitted to St. Elizabeth Hospital for observation following treatment for bruises to his forehead.

Approval was also given to a contract with Sunset Fireworks Co. of St. Louis to furnish the park with \$3,000 worth of fireworks for its annual Fourth of July holiday celebration.

MEMORIAL PLAQUE for sheriff deputies who have been killed in the line of duty is presented to Madison County by Hudson's Jewelers of Granite City and Edwardsville. Left to right are Lee Jackson of Hudson's, Madison County Sheriff John Maceras and

County Board Chairman Nelson Hagnauer. Hagnauer said the County Board has passed a resolution calling for the plaque to be permanently displayed in the lobby of the Courthouse in Edwardsville.

GC Park Board ok's wage plan

The Granite City Park Board has approved a gradual pay increase plan over a five-year time span which will affect most park employees starting May 1.

Frank Rea, secretary, gave an example as to how the plan will work.

Wilson Park's swimming pool manager, for example, would receive an hourly rate of \$3.50 the first year, \$3.70 the second, \$3.90 the third, \$4.10 the fourth and \$4.40 the fifth year.

The new plan replaces one which called for similar pay increases over a three-year period.

Approval was also given to a contract with Sunset Fireworks Co. of St. Louis to furnish the park with \$3,000 worth of fireworks for its annual Fourth of July holiday celebration.

Traffic delayed 2 hours

A combination tractor-trailer truck owned by Union Carbide Co., of St. Louis and driven by Rex Mansfield of Collinsville, tied up traffic near Illinois Routes 111 and 162 for more than two hours last night when the trailer lost both rear wheels on the driver's side where all ten lug bolts sheared off.

Authorities from the Pontoon Beach Police Department, State Police and Madison County Sheriff's Department,

directed traffic around the mishap in the southbound lane of Route 111 which occurred at about 10:15 p.m.

Mansfield, hauling liquid nitrogen from Alton to St. Louis, told the Press-Record, "I've been a truck driver since 1957 and this is the first time I have ever seen all the wheel bolts shear off at the same time."

No one was injured in the mishap, and Mansfield resumed his trip after a company crew arrived with a new wheel.

Thomas Mitchell, 67, dies

Thomas M. Mitchell, 67, of 2207 Garfield Ave., ill for one and one-half years, died at 4 a.m. today at the Colonnades Nursing Home where he had been a patient two months.

He was born in Corinth, Miss., and resided in this area almost all of his lifetime.

Mr. Mitchell was self-employed as a radio-television repairman for 30 years and retired in 1974 as a audio-visual technician.

He was a member of the Presbyterian faith. Mr. Mit-

chell was a past governor of Moose Lodge 272 and also a 30-year member of the organization.

Survivors include his widow, Mrs. Fern Mitchell; two daughters, Miss Marie Mitchell of St. Louis and Mrs. Michael (Helen) Leahy of Florissant, Mo.; one son, Thomas Mitchell III of Granite City; a sister, Mrs. Martha McCann of Tallahassee, Fla., and four grandchildren.

Funeral arrangements are given in the obituary column.

Woman hurt on West Pontoon

Miss Sharon Bloodworth, 28, of 2541 North St., was injured when her car and the auto of Karen Edgar, Florissant, Mo., were involved in an accident on West Pontoon Road at Highway 3 at 5:20 a.m. Sunday.

Miss Bloodworth

Cruse unopposed as GC assessor

Von Dee Cruse, 53, assessor of Granite City Township, is unopposed for re-election April 5.

He was a candidate in 1974 for Madison County Clerk. He is a member of the Tri-City Regional Port District board. A resident of 2401A Edwards St., Cruse has extensive experience in elective governmental offices.

Owner of Jacobsmeyer's Tavern, he was a candidate in the primary in 1972 for the office of county recorder of deeds.

He initially was named Granite City assessor when the previous assessor advanced to the post of Madison County supervisor of assessments. He then was elected in April 1973.

Cruse was elected in May 1971 as a trustee of the East Side Levee and Sanitary District, but never was seated due to court rulings.

A lifelong resident of Granite City, he attended local schools and Washington University in St. Louis.

Cruse formerly served on the staff of the clerk of the Circuit Court as administrative circuit clerk, and worked as a mail carrier for the Granite City Post Office.

He served seven years as alderman in the former East Granite Ward Six, and was Granite City Township tax

VON DEE CRUSE

assessor eight years (1968-69) before his most recent term.

Cruse has been a member of Masonic Lodge 835, the Shrine, Scottish Rite Bodies, American Legion Post 113, Eagles and Elks lodges and Veterans of Foreign Wars.

Married and the father of two children, Cruse is a part-timer by trade, having worked nine years at General Steel Industries. He is a member of Trinity Methodist Church.

His goal as assessor has been "fair and equitable distribution of the tax load."

Henry O. Aerne dies

Henry O. Aerne, 87, of 2501 Grand Ave., died in St. Elizabeth hospital at 11:35 a.m. Friday. He had been a patient two and a half months and ill for the past two years.

Born in Dillon, Mo., he lived here 65 years and was retired from the finishing department of General Steel Castings.

He is survived by his wife Mrs. Ortha (Hyder) Aerne; five sons, Walter and Clarence Aerne, both of Granite City, Arthur Aerne of Lake Villa, Ill., Roy Bailey of Long Island, N.Y., Hillard Bailey of Granite

City; three daughters, Mrs. Buford (Anna May) Foster of Camdenton, Mo., Mrs. Alvin (Roselee) Hoelter of Granite City and Mrs. James (Sharon) Cooper of Sierra Vista, Ariz., 27 grandchildren and seven great-grandchildren.

Funeral arrangements are listed in today's obituary column.

Jerry Verba, 38, dies at home

Jerry Edward Verba Jr., 38, of 912 Iowa St., a lifelong resident of Madison, was pronounced dead at home at 10:30 a.m. Sunday by Edward Werner, Madison County deputy coroner.

He had been ill two years and had retired in February from the City of Madison where he had worked 16 years for the street department.

Survivors include one son, Jerry Edward Verba III serving with the U.S. Navy at Adak, Alaska; a daughter, Miss Linda Sue Verba at home; four brothers, Charles L. and James M. Verba, both of Granite City, William J. and Ernie Verba, both of Madison; four sisters, Mrs. Tom (Wilma) Beazay and Mrs. Betty Rixie, both of Granite City, Mrs. Mollie Kondracki of Florissant, Mo., and Mrs. Alice Martin of Chicago; his mother, Mrs. Antonia Verba of Madison.

Funeral arrangements are given in the obituary column.

Brenda Marie Watts dies

Brenda Marie Watts, 6-year-old daughter of Mrs. Wanda Watts, 822 Webster St., Madison, died Thursday in Cardinal Glennon Hospital.

In addition to her mother, she is survived by a brother, Marcus Watts, Madison.

Services will be held at 8 p.m. today in the Church of God in Christ, 1100 Logan St., Venice. Funeral arrangements are being handled by Rev. East St. Louis funeral home.

Mrs. Marian Hall dies at 73

Mrs. Marian L. Hall, 73, former operator of the Silver Slipper Tavern on Johnson Road, died at 10:15 p.m. Friday in the Eunice Smith Nursing home in Alton.

She lived at 396 Kendall Drive, East Alton, before going to the nursing home. She has been ill for the past two years.

Mrs. Hall is survived by one daughter, Mrs. Ralph (Betty) Bailey of East Alton and three grandchildren.

Funeral arrangements are listed in today's obituary column.

STEAL SWING

Joanie Brooks, 2431 Illinois Ave., reported at 8:30 p.m. Sunday that she heard a noise in the front of her house and saw three men leading a metal glide swing onto a white truck and leave. The thieves took the swing from the porch.

STUDENT WINNERS. Six participants of St. Elizabeth School won five first-place ribbons and one second-place in a speech meet held at Sacred Heart School. Standing, from left, are Wendy McDivoy, Linda Loftus, Bobby Hilker and Danny Collins, all first-place winners. In foreground are Sue Burnett, second, and Rhonda Hilker, first.

Wabash avenue drainage

A new stormwater drainage sewer is to be installed this spring in Wabash Avenue to carry drainage into the Namecki ditch, it was announced Friday.

City Engineer Monroe Brewer said planning is nearing completion and that bids on the project will be called soon. Cost

is estimated at \$31,000.

Brewer said the new line will extend down the center of Wabash Avenue from Richmond to Amos Avenue and connect with the city's 54-inch storm line that will turn the drainage flow into the Namecki ditch.

The project is planned as part of a \$200,000 improvement

program set up last year to include street, curb and sidewalk projects in all of the city's seven wards. The Wabash Avenue sewer line project was sponsored by Aldermen Ron Coleman and Emerald Dawes of the Seventh Ward.

Brewer said the project had been scheduled to begin in February but was hampered by cold weather and snow which prevented engineers from making surveys and gathering preliminary engineering data.

After the new drainage system is installed, streets in the area will be regraded for improved drainage, Brewer added.

Resurfacing of Pershing Boulevard from Marshall Avenue to Garden Drive also is expected to get under way this week, following completion of sidewalk replacement along a two-block stretch of Pershing.

Curb and guttering work on that project has been completed. The street resurfacing will include an eight-inch rock base covered with a surface of oil chip and seal, Brewer said.

Cost of the Pershing Boulevard project is \$42,000.

Identify woman's body

The body of Dawn Denise Williams, 19, St. Louis, was identified at a Granite City funeral home by her parents at 10:30 a.m. Saturday, ending an investigation into her identity begun when her body was discovered in a field near Sand Prairie Lane March 21.

Illinois State Police, who had been attempting to determine the young woman's identity, said a Scorpio birthsign keyring found near the body led to the identification of the St. Louis woman.

The cause of death is not known and chemical tests of her body fluids are not expected to be completed until the middle of this week. Investigators said. An autopsy held here March 22 failed to reveal any injuries which would have caused her death.

Investigator's said Miss Williams' parents contacted them after a television news release seeking information on the woman's identity.

Since she was born under the sign of Scorpio and since she matched the general description of the woman being kept here, her parents were asked to view the body, an investigator said.

They identified her and arrangements were made to take the body to a St. Louis funeral home today where services are pending. Her parents had reported her missing in January and had not seen her since then.

Miss Williams' body was

KICKED IN FACE

Keith Watson, 17, of 2553 Benton St. was admitted for observation to St. Elizabeth Hospital at 9:20 p.m. Saturday with a cut to the nose. Watson told authorities he parked his car at 9 p.m. in a lot at 25th Street and Namecki Road and when he got out of the car an unidentified assailant kicked him in the face. He was taken to the hospital by friends.

Cab driver foils robbery attempt; police question 2

Granite City police today were questioning a 15-year-old juvenile boy and an 18-year-old man in connection with the unsuccessful robbery attempt of a taxicab driver at 3:30 a.m. today.

The taxi driver, Joseph Jones, 21, of 3011 Kirkpatrick Homes, said he picked up two young men at A.O. Smith Corp. for a ride to Wilson Park Lane.

The younger of the two passengers asked Jones if he had change for a \$20 bill and Jones said he did not. The youth then asked Jones to stop the cab at Indiana Avenue and James Street, saying he would go in a house and ask his wife for change.

The youth got out of the taxicab leaving the older passenger in the cab with Jones. Jones related that after a few moments, the passenger grabbed him from behind around the neck, held something hard to the back of his head and demanded money.

Jones said he put the taxicab in gear and pushed the accelerator down, causing the cab to move forward rapidly. Jones said he then yelled, "I'm going to run into that house," and applied the brakes.

As the cab slowed the passenger opened a rear door, jumped out of the taxi and fled on foot toward Wilson Park Lane.

Jones told police of the robbery attempt and said he recalled giving the same two youths a ride about 9 p.m. Wednesday to home in the 2900 block of Oregon Street.

Police and Jones went to that home and knocked on the door. When an 18-year-old answered the door, Jones alleged he was the attempted robber. Moments later a juvenile appeared near the door who also was identified by Jones. Both were taken into custody.

The juvenile was released after questioning by juvenile authorities and no charges have been filed pending further investigation. The 18-year-old was held in jail pending questioning today by detectives.

Warrior track team has talent and depth

Seventy-eight athletes are listed on the roster of GCHS South's track and field team, giving Coach Don Miller depth and, in his words, quality.

Set to see competition this season are seven seniors, 14 juniors, 26 sophomores and 31 freshmen.

"We should be strong in almost all events," predicts Miller, "especially in longer runs — 440 yards and up."

Of all the freshmen athletes on the Warrior team, Coach Miller will not have to wait for Dave Houston to come up through the ranks before proving himself to be of varsity caliber.

Houston earned a starting spot as a two-mile runner in an unscheduled pre-season dual meet with Riverview Gardens of Missouri by topping the team's best distance athlete in winning the event.

In the process of crossing the finish line first, Houston finished in ten minutes, nine seconds — knocking 30 seconds off South's school record.

Sophomore Dave Taylor will join Houston in two-mile events, and the Warrior two-mile relay unit is also ready to go.

The latter is composed of junior Bill Blackwell, junior Ken Meagher, junior Dave Blackwell, sophomore Dennis Turk, junior Scott Gardner and senior Glen Ahlers.

Senior Randy Presswood will run the 440 and senior Mike Cothern and junior James Dumont will compete in mile events.

Although Miller has not yet named specific athletes for dashes, he believes many of the distance runners possess sufficient quickness to fill in where needed.

Seniors Frank Laub and Scott Cathey are slated to leap the hurdles in competition.

Juniors Jay Huebner, Terry Angle and Ervin Rea are to "put" the shot.

Junior Cliff Moran is expected to be one of South's most improved vaulters, and junior Bert Houston will try his hand in high jumping. Huebner, Angle and Rea will also throw the discus.

"The Belleville East meet will give me more of an insight as to what the other athletes are capable of," adds Miller.

"But Warrior fans may witness several school records fall this season."

WARRIOR PACESETTERS. GCHS South track mentor Don Miller, far left in back row, has confidence in these distance runners for the team's 1977 season. In the front row, from left, are sophomore Dave Taylor, juniors Bill Blackwell and Ken Meagher and freshman Dave Houston.

Standing are Coach Miller, junior Dave Blackwell, senior Randy Presswood, sophomore Dennis Turk and juniors James Dumont and Scott Gardner. Two distance runners not shown are seniors Glen Ahlers and Mike Cothern.

Madison-Venice Rotary to honor state champion team

The Class A Illinois state basketball champion Trojans of Madison High School will be feted Wednesday at noon at the Madison Recreation Center by the Madison-Venice Rotary Club, according to W. F. "Mick" Strange, president of the Rotarians.

Coaches, cheerleaders, managers, team members and school administrators will be invited guests.

Madison Mayor Mike Sasyk is the program chairman for the day.

Mitchell cage dinner

Larry Graham, coach of the 1996-77 state Class A basketball championship team, the Madison Trojans, will be the chief speaker at the annual Mitchell Athletic Club baseball banquet which will begin at 6:30 p.m. today in the Mitchell School cafeteria and gymnasium.

Steelers break tie, edge Althoff squad

A run in the seventh inning broke a deadlock to give the varsity baseball Steelers of Granite City High School North a 6-5 victory over Belleville Althoff High School Thursday afternoon at North.

North's runs came on 10 hits with two errors while Althoff totaled seven hits and one error.

Doug Rains started on the mound for North and was relieved in the fourth inning by Jeff Hamilton. Russ Chappell took over duties in the sixth inning and was the winning pitcher.

North opened with two runs in the first inning and each team tallied three runs in the third, giving North a 5-3 lead.

Althoff tied it with two runs in the fifth and the score remained tied until Jeff Hamilton drove in the winning run in the final inning of the seven inning game.

Terry Paige had two hits for North, one a double, and scored three times.

Kevin Hayes also had two hits, including a triple. Hamilton's two hits drove in three runs. Bruce Wright singled and doubled and had one run-batted in.

Rusty Gregory tripled and Jodi Fainoni singled.

BLUR OF ACTION, a young soccer player prepares to kick the ball. Pee Wee soccer is being offered this spring for boys aged six and seven.

Soccer for the young offered during spring

The YMCA Soccer Association is inviting families to register their sons for Pee Wee soccer this spring.

To participate in Pee Wee soccer, a boy must reach the age of six or seven during 1977. A series of clinics will be held starting April 3. Ed Dye, soccer coordinator, reports.

The first meeting, on Sunday, April 3, at the Granite City Army Installation softball fields at 1 p.m., is open to the public. "Anyone interested in soccer is invited to attend the demonstration of soccer skills and play. Parents are especially invited to attend and become involved in the coaching of a soccer team," Dye said.

"The next 'working' clinics will be held Wednesday, Thursday and Friday, April 6, 7 and 8, at 5:30 p.m. at the same location for those boys who have registered. The clinics will

involve teaching the boys specific soccer skills. "Registration will be held at the first meeting on April 3. At that time, a \$5 registration fee will be required, as well as a copy of a birth certificate to verify age.

"You do not have to leave the birth certificate. Registration may also be taken at the YMCA until the first meeting of the clinic."

"Registration will not be accepted after the first meeting," Dye concluded.

Trojans 2nd in meet

Coach Charles Steptoe's track and field Trojans placed second last week in triangular competition with Collinsville and Triad at Madison High School.

Collinsville earned 70 points, Madison 66 and Triad 49.

"We still don't have a pole vaulter," said Steptoe, "so we lost points in that event."

"And although we won the 120-yard high hurdles, we were disqualified at the finish for stepping out of our lane."

Pointmakers included: 440 relay—Duane Bochantin, Sylvester Collins, James Hoard, Marcus White 1st (46.5 seconds); 100 dash—White 1st (10.75), Gregg Patterson of Triad 1st (10.75).

Mile relay—Bochantin, White, Mike Bartley, Earnest Davenport 1st (3:56.2); high jump—Rodney Williams 1st (5-6), Collins; 2nd 440 run—White 1st (55.6), Bochantin 3rd; 330 low hurdles—Ron Morris 1st (2:3), Alfred Cross, Kevin Rogers, Davenport 2nd; two-mile run—David Patterson 4th.

Triple jump—Williams 2nd, Crawford 3rd; 220 dash—Heard 3rd, Collins 4th; shot put—Jeff Thompson 4th; discus—Thompson 3rd; long jump—Crawford 2nd, Collins 3rd; two-mile relay—Gerry Brooks, Cecil Cross, Kevin Rogers, Davenport 2nd; two-mile run—David Patterson 4th.

Registration Tuesday
Boys and girls wishing to participate in softball and baseball leagues in the Mitchell Athletic Club program are being asked to register between 6 p.m. and 8 p.m. Tuesday at the Mitchell Elementary School gymnasium.

The registration fee of \$5 per person will be collected at that time.

TROJAN BASEBALL LETTERMEN. Madison High School's diamond success depends on 17 athletes, including nine who saw varsity action last year. Not shown is junior Joe Piechocinski. Veterans kneeling, from left, are Pete Fecurka, Prince Giles, Dale Woodson and John

Palchiff. Standing, from left, are Coach William "Bill" Campbell, Tom Jones, Brian Eaves, Tim O'Mara, Keith Layton and Assistant Coach John Paskus.

PROUD MOMENT FOR TROJANS as Madison High School's state Class A champion basketball team appears before the Illinois State Senate. High praise was voiced by senators for the local team's accomplishments in the 1976-77 season. Left to right are Lawrence London, John Lake, Ron and Lloyd Williams, State Senator Sam Vadalabene, Clayton Harris, Randall Jones (partly

hidden), Eric Stanley, James Heard, Assistant Coach Dave Hodges speaking over the microphone, Rodney Davis (partly hidden), Sylvester Collins, Anthony King, Rodney Crochrell, Chris Branch, Senate President Thomas Hynes and Coach Larry Graham (behind Pres. Hynes).

Diamond Steelers divide double bill

The Steelers of GCHS-North split a doubleheader Saturday with the host Alton High School Redbirds, winning 5-1 and then losing 12-0.

Terry Page went the distance on the mound for North High, allowing Alton four hits and no earned runs. Alton scored in the first inning.

Page walked in the opening inning and scored on a triple by Kevin Hayes.

Page drew a walk again in the third, stole second, went to third on a throwing error by the Alton second baseman and then beat a throw to home plate after Hayes hit safely.

Hayes went to second with a wild pitch and stole third. Jodi Faison walked and a grounder to first base enabled Hayes to score.

Bruce Wright then singled Faison home.

Page walked again in the seventh, Jeff Hamilton doubled and a wild pitch followed as Page scored.

Bob Bates also added to the hitting during the game.

Alton collected 12 hits in the second game while North was held to two—one each by Hayes and Dave Morien.

The Redbirds scored a run in the first, six in the third, two in the fourth and three in the sixth.

"I'm satisfied with the split considering the circumstances," said Coach Robert Stegemier.

"We played basically junior varsity athletes in the second game just to discover areas we need to improve in."

Warriors lead at start and at end

GCHS South's baseball squad took an early three-run lead Thursday at Cahokia, and then held on behind the pitching of Eldon Warfield to nip the Comanches 3-2.

Warfield went the distance on the mound, fanning six batters and walking two while giving up nine hits.

South collected four hits and had two errors to Cahokia's five misuses.

The Warriors pushed their

runs across in the opening inning with two outs when Keith Champion walked, Paul Evans reached base on an error, Mike Clark singled in a runner and Danny Stanton singled to centerfield.

South stranded 11 runners, including Tom Hennrich, who hit safely in the first game, but was retired in a double play.

The comanches scored lone runs in the second and fourth

Baseball Warriors sweep doubleheader

Coach Conrad Champion's Warrior nine improved its baseball record to four wins against one loss by sweeping a twinbill Saturday at Quincy, winning 5-4 and 4-1.

Relief pitcher John Lakin held Cahokia without a hit until the sixth inning. He had taken the mound in the fourth with a single and advanced on a balk.

Dan Stanton started the second inning for South with a single and advanced on a balk.

Following a walk by Tony Elliott and a hit by Steve Sedabers, Stanton crossed the plate on a wild pitch.

Larry Heague bunted safely in the fourth and rounded the bases when Tom Hennrich doubled.

In the sixth, Elliott and Hennrich drew walks, Randy Romtine, sophomore Jeff Baughn, Andy Kapoff, Herman Schroeder, Frank Schwarzkopf, Brian Ropac and Gary Nodine and freshmen Terry Malech, Mike Clark, Robert Kiley, Mark Gornow, Steve Fenson, John Manogogian and Greg Mulach.

Evans went the full seven innings for South in the second contest, yielding two hits and no earned runs. Quincy got an unearned run in the fourth inning.

South collected 10 hits.

Evans struck out nine opposing batters and walked four.

Lakin doubled in the second, advanced to third on a ground-out and scored on a single by Joe Parente.

With the score tied 1-1, Keith Champion opened the sixth frame with a hit to stole second, advanced on a passed ball, and scored on an error by the first baseman which also allowed Warfield to get on base. Lakin singled in a runner.

Parente singled in the seventh and advanced on an error, a hit by Hennrich and a balk pitch.

Hennrich, Champion, Lakin and Parente each garnered two hits, and Danny Fichte and Tim Anderson each hit safely.

Mitchell captures Baptist tournament

Mitchell emerged victorious last week in a five-team men's basketball tournament conducted by the Madison County Baptist Association at the Tri-City Area YMCA.

The championship squad defeated Troy 57-55, upended Pleasant Ridge 93-42 and then beat Calvary 78-62 in the title clash.

Pleasant Ridge had drawn a first-round bye, and Calvary advanced with an 82-65 win over Suburban.

Suburban worked its way through a consolation bracket to take honors there, defeating Troy 76-67, Pleasant Ridge 75-51 and Calvary 74-70.

Rod Wortham averaged 31

points per game for Suburban, scoring a total of 125 points, and Frank Hayes scored 81 points in the meet for Calvary.

Khris Whelan to be honored

GCHS North's Khris Whelan will be among statewide high school matmen to be honored Saturday during an all-state banquet starting at 6 p.m. at Northern Illinois University at DeKalb.

Steelers Coach Walter Whitaker, who will accompany the 98-pound state Class AA champion, noted that the top two wrestlers in each weight class of Class A and AA competition at the Illinois High School Association state finals are to be recognized.

Hosted by the Illinois Wrestling Coaches Association, the affair also includes presentation of coach of the year award, induction of five coaches into the state hall of fame, and a special scholastic award to be presented to an athlete with the best academic record.

The coach said persons desiring to attend the event may obtain tickets, at a cost of \$7 per person, by writing Wayne Miller at DeKalb High School.

Comanches scalp Trojan team twice

Madison High School's baseball nine opened the 1977 season at Cahokia Saturday, dropping a twin bill to the host Comanches 9-2 and 7-4.

Senior Les Whitecotton went the distance for the Trojans in the first contest, yielding 10 hits. Madison collected five hits—three by Ray People and one each by Dale Woodson and Prince Giles. Madison made four errors and Cahokia one.

Cahokia scored four runs in the opening frame, and added two in the second and three in the third.

In the fourth, Trojan Keith Layton reached on an error, went to second on a wild pitch, got to third on a passed ball and scored on a fielder's choice.

Peoples hit safely in the sixth, Prince Giles drew a walk. Peoples reached home plate on two fielder's choices.

Cahokia garnered six hits and erred twice in the finale while scoring three runs in the first inning, two in the second and two in the fourth.

Madison had two hits—by Giles and Layton—and six errors.

Pete Fecurka went three innings for Madison and was relieved by Tom Jones.

All of Madison's runs came in the fifth, Bonny Lovette walked, John Palchett reached on an error, Juan Gardner walked, and two runners scored on a double by Giles.

Fecurka drew a walk and fielder's choice allowed Gardner to score.

A runner was retired at home plate but Fecurka scored on a passed ball.

Mark Five team takes meet title

Mark Five was the lone Granite City squad to take top honors during the weekend in divisional tournament competition at the Wilson Park ice rink and hosted by the Granite City Amateur Ice Hockey Association.

Three local teams—Sternberg Construction, C. D. Peters Construction and P&S Amusements—suffered first round losses and then battled their way back to claim consolation honors.

South ready for tennis campaign

GCHS South's tennis team is set to start its 1977 net season at home tomorrow against O'Fallon with Coach Virgil "Dick" Harmon at the helm.

Harmon begins his 22nd season as Warrior head mentor.

The coach noted that 35 athletes have been attending practice sessions, including seven who lettered in the sport last year.

They are senior Mike Papes, junior Tom Boker, senior Andy Hall and junior Ron Backs, all in singles competition, and senior Jim Eftimoff, senior Jeff Hagopian and senior Mark Krinski.

Eftimoff will team with Papes, Backs with Boker and Hagopian with Krinski in doubles competition.

Papes, a fourth-year player, and Eftimoff are teaming together for the first time. Backs and Boker posted 20 wins against only two losses last season as a duo.

Hagopian and Krinski saw limited action as a pair last year.

Several other players also may see varsity action this season.

They include senior Tim Zarlingo, juniors John Longos, Kevin Harmon and Kevin Romine, sophomores Jeff Baughn, Andy Kapoff, Herman Schroeder, Frank Schwarzkopf, Brian Ropac and Gary Nodine and freshmen Terry Malech, Mike Clark, Robert Kiley, Mark Gornow, Steve Fenson, John Manogogian and Greg Mulach.

GC wins in district DeMolay bowling meet

A bowling team representing the Granite City James Stuart Chapter, Order of DeMolay, claimed top honors last week in a District 18 tournament at Edwardsville, totaling 2,390 pins.

The local chapter was followed by Alton with 2,273, Edwardsville 2,206, Wood River 1,794, Jerseyville 1,787 and Collinsville 1,680.

Granite City will represent the district Sunday in statewide competition at the Strike and Spares Lanes in Springfield.

Members of the Granite City team included Mark Doolittle

148, 135 and 182 games; Jim Boyd 123, 124 and 151; Bob McNeely 177, 149 and 145; Jay McNeil 152, 186 and 132; and Tony Eftimoff 153, 180 and 163.

Ice tourney titles decided

Metropolitan area hockey squads took top honors Thursday evening in divisional championship games at Wilson Park in the Granite City Amateur Ice Hockey Association "B" tournament.

Progressive**

PAID FOR BY SCHULER FOR MAYOR COMMITTEE
3501 NAMEOKI RD.

The Veterans Employment Service field office of the U.S. Department of Labor has announced that the Office of Manpower Development, Comprehensive Employment and Training Program (CETA) for Madison and Bond counties is recruiting disabled veterans with service-connected disabilities to fill public service job openings in the two-county area.

The public service jobs are available as a result of proposal submitted by the Madison-Bond CETA program to the Employment and Training Administration of the U.S. Department of Labor.

have service-connected disabilities and who have not been able to find jobs because of their physical handicaps. Disabled veterans from Madison and Bond counties who are unemployed and meet the general criteria of the special CETA jobs program for disabled veterans may contact his or her local veterans employment representative at the nearest Illinois State Employment Service office.

State employment office's are located in Alton, Granite City and Edwardsville. Information also may be obtained at the Office of Manpower Development, 106 North Main St., Edwardsville, or by calling (618) 692-4315.

Jazz quartet to perform

The St. Louis Jazz Quartet will perform Thursday at the Venice High School at 2:00 p.m. and at the Madison Junior High School at 3:15 p.m.

The concerts are made possible by the Venice-Madison Fine Arts Committee through a grant from the Illinois Arts Council, a state agency.

Mrs. Margaret Lee, chairman of the committee, and Mrs. Marguerite Connolly, director of the Humanities Program for the Madison public schools, are coordinators of the programs. Senior citizens of Venice and Madison have been invited as guests to hear the concerts.

SIX-COLOR PATCH. Participants in the Boy Scout orienteering campout April 23 and 24 will receive a six-color emblem that resembles the orienteering merit badge.

(Press-Record Photo)

Boy Scouts to hold 'orienteering' camp

Boy Scouts of the Uniwah District, Cahokia Mound Council, are preparing for competitive orienteering at their spring Camporee, April 23 and 24, at Boy Scout Camp Sumner.

Bill Koenig, adult chairman, said that orienteering is the skill of finding the way in the field with map and compass. Within comparatively recent years, orienteering as a competitive sport in the form of "orienteering races," has swept Europe. Today, with the establishment of national orienteering federations in the United States and Canada, it is well on its way to sweeping the North American continent as orienteering clubs spring up in all states," Koenig said.

"The word 'race' is somewhat of a misnomer. It isn't speed alone that determines the winner in orienteering. It is a combination of four important things: correct interpretation of instructions, careful planning of routes to be followed, intelligent use of map and compass and time used to cover the entire course," Koenig emphasized.

"An especially fast runner may be off to a poor start by failing to follow instructions. Or he may be careless in his compass settings and in orienting his compass before racing off. Or he may not have studied his map carefully enough for picking the best possible route," he said.

"To win an orienteering race, it pays for each contestant to take it easy, to spend sufficient time in checking and rechecking, and to figure out the most advantageous procedure," Koenig added.

Traffic stops

A traffic stop on Bremen Avenue at Ball Avenue has been authorized by City Council members. The aldermen approved an ordinance establishing the stop at a meeting last week.

The ordinance also established a traffic stop for all westbound traffic on Bremen entering Prairie Avenue. A fine of \$10 to \$25 is established for violation of either new stop regulations.

Church burglary

About \$5 cash and a \$15 camera were the only things known missing after a burglary at Bethesda Temple, 2161 State St., which was discovered at 6:30 p.m. Thursday. Plexiglass was removed from a west basement window to gain entry. A desk, cabinets and closets were searched. A wrecking bar belonging to the church was used to pry open two interior doors. The cash was stolen from a Sunday School box and the camera was stolen from the top of a desk.

Scott Yetter dies at 23

Scott Yetter, 23, of 3148 Princeton Drive, Ill. for one week, was taken from his home by ambulance to St. Elizabeth Hospital where he was pronounced dead upon arrival at 9:52 p.m. Thursday.

He was born in Lincoln, Neb., and was a student at the Niagara School, East Alton. He also belonged to the First Presbyterian Church.

Survivors include his parents, Mr. and Mrs. Glen (Joan) Yetter; one sister, Miss Vicki Yetter of Springfield, Ill.; and grandparents, Mrs. Katherine Wilson, Granite City, and Mr. and Mrs. Jesse Anness of Santa Rosa, Calif.

Funeral services were held Saturday morning. Details are given in the obituary column.

Mayors to meet

Municipal insurance problems will be discussed in a meeting of the Southwestern Illinois Council of Mayors in Granite City Wednesday night.

The mayors will meet at Charlie's Restaurant for a cocktail hour at 6 p.m., followed by dinner at 7 and the meeting at 8. Granite City Mayor Paul Schuler will host the meeting. An open discussion of the insurance problems and difficulties being encountered by cities and villages will be held.

Smith demand up but profits down

Profits from continuing operations in the first quarter will fall below last year's level, in spite of increased demand for the company's products, L. B. Smith, chairman and chief executive officer of A. O. Smith Corporation, advised the Press-Record Friday.

Severe winter weather and the normal inefficiencies associated with the Automotive Division's major model changeovers are key factors in the profit margin decline, he said.

In addition, the division's Mexican affiliate has been

plagued by the unsettled economic conditions in Mexico, including further devaluation of the peso.

Smith said sales for the quarter will be up 18 per cent to about \$180 million from \$152 million in the first quarter of last year. All major operating units will be ahead of a year ago.

He estimated profits from continuing operations in the range of \$3.9 million to \$4.4 million, or from 80 to 90 cents per share.

In the first quarter of 1976, the company earned \$1.07 per share from continuing operations,

plus nine cents per share from the sale of a discontinued business for total earnings in the quarter of \$1.16.

Excess energy costs in the quarter were about \$1.5 million, Smith said, resulting from having to purchase fuel oil and propane to operate plants when natural gas supplies were cut off. The company also experienced several plant shutdowns of short duration because of weather impacts on customers and transportation.

Hardest hit from a cost standpoint was the company's large Milwaukee automobile and truck frame manufacturing facility.

This operation, which encompasses 3,500,000 square feet under roof, was cut off from natural gas for nearly two full months of the quarter, forcing the use of much costlier fuels for heating and processing. In March, natural gas service was restored.

The other auto frame plant is in Granite City. The Automotive Division has made progress in improving the efficiency of its operations

affected by two major model changes initiated last year, Smith said.

However, the division has not as yet attained normal levels of performance. The need to operate at very high levels—in order to satisfy greater than anticipated customer demands has generated excess costs.

Demand for products of the A. O. Smith Harvestore Products, Inc., a subsidiary, remains relatively weak, Smith said.

This unit will report a loss for the first quarter, although reduced from the prior year.

Smith said recovery in this business is dependent on livestock farmers' confidence being restored. Favorable spring weather, particularly in drought areas, would make an important contribution to this, he added.

A. O. Smith, with its subsidiaries and affiliates, is a diversified manufacturer. Its product line includes water heating equipment, electric motors, agricultural feed storage and handling systems, auto and truck frames, fiber glass reinforced plastic pipe, metal powders and computer services.

Skaters to be rated, exhibit talent at tonight's ice show

Performing before five judges, advanced skating students in the Granite City Park District's instruction program will be evaluated at tonight's "Ice Skating Exhibition" at Wilson Park rink, starting at 7:30.

The proficiency exhibition and contest is a new feature being introduced into the traditional ice skating show.

The show is presented each year by student skaters and their professional instructors to close the park district's rink for the season.

Although no charge is made to view the show, spectators are required to obtain an admission ticket from skating students, or at the Wilson Park office.

Pam Siefert and Norma Wylie, senior professionals for the Granite City Park District's skating school, arranged tonight's competition for students enrolled in classes who have passed the ISIA Gamma Level Test.

Those to perform before the

judging panel are grouped in divisions according to their individual ability, the instructors explained.

In addition to exhibition skating in non-competitive segments, special entertainment will be provided by girls who take private skating lessons.

have the job even at a few hundred thousand dollars less anticipated profit than previously figured, and further, we would like to be a part of the biggest stride forward our community has been able to make in our lifetime.

"We are not able to say at this time whether or not an additional time extension would be possible after June 30. Major suppliers and subcontractors have been most cooperative, so far, in sharing the increased costs occasioned by the delay, but it is not possible to predict their attitudes or the overall economic picture past June 30."

The letter also requested a meeting early in April between the contractors and the sewer committee to discuss ways in which the project timetable can be adjusted to all necessary deadlines can be met when the lawsuit appeal is settled.

VAN BURGLARY
Donald F. Lucido reported that between 2 a.m. Thursday and 2 p.m. Friday thieves entered his van parked at his residence, 224 Grand Ave., by prying the vent window on the driver's side. Items valued at \$745 were taken, including several strobe lights, 16 mm. camera, 35 mm. camera, night-track stereo and a Polaroid camera.

BIKE STRIKES CAR
Ricky L. Hagv, 8, of 2525 E. 25th, was admitted to St. Elizabeth hospital at 4 p.m. Friday with multiple bruises to his back. The boy allegedly came out of an alley on his bicycle near 2510 Edwards Street and struck the right side of an auto driven by Roy Moore, 54, of 2808 Myrtle Ave., who was westbound on Edwards.

on in and about CB. I will make myself and my friends open to questions about CB.

I'll let you all in on club activities as I hear about them. I'll tell you about the interesting and unusual things that happen on the radio — and because of the radio.

There are always "coffee breaks" going on — gatherings of CB'er's for social contact. The "Fingerprint Club" holds an open meeting every Monday night — except the first Monday of the month — at 7 o'clock at Tri-Mex Bowl.

There is also a midnight open coffee break on Friday nights at Donaldson's Cafe in Mitchell.

You all come out. If you are a CB'er and you want to ask a question or tell me about coming events, holler for me on Channel 5 or write me in care of the Press-Record. Catch you later. The Lil Squaw — we're out.

SMOKIN' SAM demonstrates the effects of smoking in a program presented to Madison and Venice students last week by representatives of the Family Health Education Service. At right, "Smokin' Sam," a walking and talking dummy who is a heavy cigarette smoker, puffs on a cigarette, while Hunter Cigler holds a jar filled with "Angel hair" that has turned

from white to dark brown after cigarette smoke passes through "Smokin' Sam's" lung area. The program in the Madison School auditorium was sponsored by the First National Bank in Madison and the Madison-Venice Rotary Club.

Services for Mrs. Livingston

Funeral services were conducted at 1:30 p.m. March 28, at a funeral home in Fillmore, Ill., for Mrs. Julia Livingston, 79, of Fillmore, formerly of Granite City.

She died at the Hillboro, Ill., hospital at 1:35 p.m. Monday.

Mrs. Livingston was born in Donaldson, Ill., and resided in Granite City from 1939 until 1968 when she moved to Fillmore. While residing in this area, Mrs. Livingston was employed at the Granite City Army Installation. She also was a member of Niedringhaus United Methodist Church.

Her husband, Warren Livingston, died in 1960.

Survivors include two daughters, Mrs. Mary Schaffner and Mrs. Alma Jean Cowan, both of Granite City; one son, William Livingston of Fillmore; one brother, Grant Miller of Coffeen, Ill.; one sister, Mrs. Eva Kessinger of Detroit, Mich.; six grandchildren and two great-grandchildren.

Burial was in Glendale Cemetery, Fillmore.

Police seek man who struck woman

A young Granite City woman was struck by a man attempting to force her into a van in front of K-Mart, 3655 Nameoki Road, at 10 p.m. Thursday.

The woman told police she was leaving K-Mart when two men in a green Dodge van stopped by the doorway and the passenger got out and attempted to force her into the van.

When she resisted, the man struck her nose with his hand. Two witnesses came to the woman's aid and held the man, attempting to take him back inside the store.

The man said to the driver of the van, "Get the gun out," and the witnesses left the man they were holding on. He got back in the van and it left north on Nameoki Road.

2 hurt in fight

Two men were injured in a fight which witnesses alleged began with a disagreement in the Upper Level Lounge, 19th and State streets, and then continued onto the sidewalk at 1:40 a.m. Friday.

Officers said that when they arrived, they saw two men on the sidewalk fighting. Both collapsed about the time the police arrived, officers said.

At the same time, a car parked nearby drove away and another car left in the other direction from the parking lot of City Temple Church nearby.

Officers followed one car and questioned a young man and three young women in the car. They also called for an ambulance for the two injured men on the sidewalk.

After questioning the witnesses, they were released and police charged the two injured men with fighting.

Fred Beyrau, 24, of 3101 Jil Ave., and Dale Hendrickson, 20, of 2001 Lindell Blvd., were charged and then were taken by ambulance to St. Elizabeth Hospital.

Hendrickson was admitted with multiple bruises to both arms, his chest and back, a cut to his head, a fractured nose and a small puncture wound to his right arm. He contended three men jumped on him and beat him.

Beyrau was treated for a head cut and was released from the hospital after x-rays were taken. Police released him on a \$25 bond.

JUVENILE ARRESTED
Police arrested a 16-year-old boy and recovered a motorcycle valued at \$200 at 2:50 p.m. Friday. The youth admitted entering the garage of Boris Elioff and taking the motorcycle earlier in the day.

Fleetwood, Daredevils, Chapin rate well with young music buffs

Contemporary music groups with the highest ratings among area high school students include Kansas, Harry Chapin, Seals and Crofts, Heart, Fleetwood Mac, America, Ozark Mountain Daredevils, Kris Kristofferson and Arlo Guthrie and Pete Seeger, according to a survey conducted by the High School Advisory Council of the Mississippi River Festival (MRF).

The survey was conducted among student representatives of nearly 20 high schools who attended meetings earlier this month to plan involvement of high school students in the 1977 MRF and to organize the High School Advisory Council.

Lyle Ward, managing director of the Festival, said the ratings will be helpful in scheduling popular programs for the eight-week MRF musical series which begins June 22 on the campus of Southern Illinois University at Edwardsville.

The High School Council also is developing promotional assistance plans which will be finalized at the next meeting of the advisory group, Saturday, April 16, at the university.

Program listings, posters and coupon book materials will be available to the students for distribution at the meeting. All area high schools are invited to be represented at the meeting, Ward said.

Among promotional plans being considered are tee shirt sales, coupon book sales, offering 20 per cent discounts on MRF tickets, high school nights at the MRF, and bumper sticker distributions.

Students participating in the advisory group activities have included: Larry Heagy and Brian Konzen, both of GCHS South.

Break into three cars
Three cars in a one-block area were broken into, the owners discovered at 11 p.m. Thursday.

The cars were parked along 22nd Street by State Street and Edison Avenue. A citizens' band radio, a tape player and a few tape recordings were stolen from the car of Charles Robinson, Brighton, Ill. The right front and right vent window were broken to gain entry.

Nothing was taken from either the car of Henry Kohensky, 2306 Washington Ave., or the auto of Kenneth Weaver, 2817 Wayne Ave. A right window was broken in each car and both were ransacked.

Face charges

Michael L. Bennett, 16, was released at 10:05 p.m. Friday on \$100 cash bail and is to appear in court at 2 p.m. Monday, April 11, on charges of illegal transportation of alcoholic beverages and no valid drivers license.

Roy Bennett 16, of St. Louis a passenger in the car, was released on \$50 bail charged with illegal possession of alcoholic beverages and has the same court date.

GREAT DANE STOLEN

Charles Roach, 2429 Delmar Ave., reported at 3 p.m. Friday that his great dane dog, valued at \$500, was stolen. The dog is 34 inches tall and weighs 130 pounds. The dog's chain was not broken, but had been snapped.

Free blood pressure tests at EOC clinic

Free blood pressure clinics will be held each Friday at the Tri-Cities EOC Neighborhood Service Center, 145 Madison Ave., Madison, it was announced this week by the Madison County Economic Opportunity Commission (EOC).

The weekly program will start Friday, April 1, with the blood pressure testing taking place between 8:30 a.m. and 12 noon.

Appointments may be made in advance by calling 451-7824, or persons may come to the clinic. Urine tests also will be taken to determine sugar and protein content.

The service is being offered without charge so persons who would not normally have their blood pressure checked will take advantage of the free clinic, and also for those who

are unable to afford the test. Armando Martinez of the EOC staff said.

Many people who have private physicians often fail to get their blood pressure checked regularly, he noted.

If blood pressure is indicated by the test, the individual will be advised to contact his doctor for verification and treatment.

Many people with high blood pressure may not have any noticeable symptoms, Martinez said. There are no specific warning signs. However, persistent headaches, dizziness, fatigue, tension and shortness of breath sometime go with the condition.

High blood pressure adds to the workload of the heart and arteries which, in turn, increases the risk of stroke, heart failure, kidney failure and heart attack.

Lloyd sings with symphony at Louisville

Gordon "Skip" Lloyd, formerly of Granite City, performed in "Prayer of Kierkegaard" by Samuel Barber during the weekend with the Louisville Symphony Orchestra.

A national record company recorded the performance, according to word received here by his parents, Mr. and Mrs. John D. Lloyd, Granite City.

They added this is the second year their son was selected to sing with the Louisville Orchestra as a result of try-outs with The Oratorio, a group he sings with on a regular basis.

A second-year student at Southern Seminary, Louisville, Lloyd is working toward a master of religious educational degree. He is a graduate of Granite City High School South and Southern Illinois University at Edwardsville. He also taught for a year in the Granite City School District.

1st National pays stock dividend

Shareholders of First Granite City National Bank were mailed stock certificates Friday representing the 10 per cent stock dividend approved by shareholders at the annual meeting held Feb. 25.

President Melvin C. Wilmmsmeyer indicated the stock

dividend increased the outstanding shares of stock from 120,000 shares to 132,000 shares, each having a par value of \$10.

With the increase in the capital account, the new combined total of capital and surplus accounts is \$4 million, Wilmmsmeyer said.

Emergency Radio Team elects Mrs. Singleton

The Citizen's Band Emergency Radio Team (CBERT), an affiliate of the Granite City Emergency Services and Disaster Agency

(Civil Defense), elected Mrs. Beverly Singleton as president last week.

The annual election meeting was held in the Civil Defense Headquarters, 1411 Nineteenth St. Jesse Levart is the retiring president.

Others elected for 1977-78, include: Mary Jane Bess, vice-president; Deana Barnhart, secretary; James L. York, treasurer; Wilma Levart, ways and means chairman; Pauline York, public relations; Louise Shelton, chaplain; and Clinton Barnhart, sergeant-at-arms.

In other business, the 33 CBERT members attending made plans for the team's annual spring dance, scheduled May 14 at Venice-Madison American Legion Post 307.

Music for dancing will be provided by Eddie Bears Orchestra of St. Louis. Tickets costing \$5 each may be obtained from CBERT members or at the door the evening of the dance, Mrs. Singleton said.

Team members will meet again April 24 at the CD building.

Allen J. Taylor, 21, is serving aboard the USS Mount Hood which has been in the Philippine Islands and Hawaii and now has been assigned to Japan. Taylor is the son of Mrs. Alberta Taylor of Venice, and is a brother of John Taylor and Mrs. Charlotte Dilday of Venice.

Scholarship applications available

Applications for students at both Granite City high schools wishing to apply for scholarships through the Granite City Scholarship Foundation now are available at the high school offices.

A previous article stating today was the deadline to obtain applications for scholarships was in error. Students may obtain scholarship applications from now through the deadline of April 30.

Applications must be returned, postmarked no later than April 30, to Norman Garrett, Industrial Relations Department, Granite City Steel, 20th and State streets, Granite City.

The scholarship grants amount to \$600 per year for those selected.

Rites held for Cinda Childers

Funeral services were conducted at 3 p.m. Tuesday, March 22, at a church in Ringgold, Ga., for Mrs. Cinda Childers, 99, of Ringgold, a relative of Granite City residents.

She died at 10:30 p.m. Saturday, March 19, at a hospital in Ringgold.

Her husband, Henry Childers, died in 1958.

Survivors include five children, Mrs. Lillie Biggs, Atlanta, Ga.; Willie and John Childers, both of Ringgold; James H. Childers of Florida, formerly of Granite City; and Beatrice Mahoney of Chattanooga, Tenn.; a brother, Beryl Childers of Ringgold, 16 grandchildren and eight great-grandchildren.

"Operations and hospital rooms cost a lot more than you think."

See me for State Farm hospital surgical insurance.

Like a good neighbor, State Farm is there.

New study of SIUE's East St. Louis center

President Kenneth A. Shaw of Southern Illinois University at Edwardsville announced Friday the appointment of a committee to evaluate the effectiveness of the university's East St. Louis Center and to make recommendations for the future operation of the Center.

The committee is chaired by C. Scully Stokes, vice-president for student affairs.

Other members of the committee are: Miriam C. Dusenberry, coordinator, Supplemental Instruction Program; Anele Iwu, assistant

professor, department of finance; Emil Jason, assistant vice-president for special programs and minority affairs and acting director of the East St. Louis Center; Irving Kessler, associate professor, department of mathematical studies; John Reiner, director of Institutional Research; and Donald Taylor, professor, department of sociology.

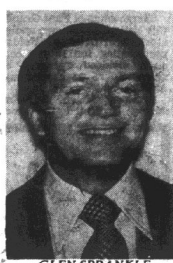

Dr. Shaw said the committee is charged with evaluating the effectiveness of the center as it carries out its stated mission and goals. He said the evaluation will include:

- Operation of the center (perceptions of SIUE students, faculty and staff at East St. Louis; personnel, organization, structure and operations of each component of the center; perceptions of East St. Louis townpeople).
- Student outcomes (academic performance; personal-social development).
- Programmatic needs.
- Present physical facilities.

"The evaluation will conclude with recommendations on how the East St. Louis Center can be more adequately supported, organized and managed with the total university," the president said.

A report on management of the center is to be concluded by July 1 and a final report is due Feb. 1, 1978.

Alderman, 3 others running in 4th Ward

GLEN SPRANKLE

Alderman Glen E. Sprankle, 36, is one of four City Council candidates in Ward Four, April 5.

Sprankle was born in Granite City and has been a lifelong resident of the Quad-City area. He attended local schools and, after graduation from Granite City Community High School, entered a patternmaker apprenticeship program at American Steel Foundries.

After completion of the five-year apprenticeship, he became a journeyman patternmaker and is presently employed at American Steel, where he has worked for a total of 17 years. He is married to the former Donna Adams and they have one son, Glen, eight years old.

Sprankle has been active in local politics and civic activities and presently serves as committee member for Precinct 20 in Granite City. He has been active in community organizations and presently he and his family are members of St. Bartholomew's Episcopal Church.

He is a member of the PTA, Granite City Park District sports programs and an associate member of the Madison County Police Association and various other clubs and groups.

He currently serves as one of the aldermen from the Fourth Ward. He is chairman of the Sewage Treatment Plant Committee and a member of the Intergovernmental Committee and the City Hall Committee.

A resident of 1320 Joy Ave., Sprankle was a council candidate two years ago and was appointed as an alderman March 22, 1976, to fill a vacancy created by the death of Alderman R. E. Rubenstein.

Alderman Sprankle comments, "My primary purpose in entering politics was to serve the people of the Fourth Ward and all of the people of Granite City."

"Having been privileged to serve as alderman, I have had the opportunity to serve as chairman and as a member of various committees and have been able to attend workshops and seminars concerning city government."

"During that period of time, I have been active in the establishment of a preventive maintenance program for the Granite City sewer system, with the establishment of a special crew in the street department for TV monitoring and grouting."

"As a member of the Town Board, I have been instrumental in acquiring the land and appropriating the revenue sharing money as building funds for a new Town Hall which will be completed this year."

"This will save the taxpayers money and increase efficiency of government and will be available for use by elderly citizens and other civic groups. This has been done without any increase in taxes to our citizens and without the use of local tax funds, by cooperation between the mayor, City Council, town supervisor and city board."

"Due to the harmonious relationship and spirit of cooperation between the mayor and the City Council, \$2½ million for street, curb and sewer repair was equally divided between the seven wards."

"In the Fourth Ward, we have been able to blacktop numerous streets, repair curbs and gutters, acquire additional street lights, reduce the speed in congested areas, and put up protective guard rails around school grounds, to protect children from vehicular traffic."

"I cooperated with the installation of the 'Opticom' system to alleviate the danger of traffic accidents between emergency and private vehicles."

"I have always been available to assist citizens in my ward in any way that I can."

"If I am privileged to be elected, I hope to continue helping to better the conditions of our streets, sidewalks and sewers by maintenance and construction where necessary."

"I pledge myself to holding the line on taxes and to see that the city gets its fair share of federal and state money. I will remain available and responsible to the needs of the people," Sprankle concludes.

ROBERT LEO WOFFORD

Robert Leo Wofford is one of four candidates for Fourth Ward alderman April 5.

He comments, "I am 44 years of age. My wife, Mary, and I reside at 2215 Dewey Ave."

"I have three children, a married daughter, Melia Rosenberg, and twin sons, Geoff and Greg, who are students at Granite High South."

"I have been a resident of the Fourth Ward the past 20 years."

"I attended local schools and served in the U.S. Marine Corps on the Korean Conflict and was honorably discharged."

Wofford continues, "I am employed by Granite Sheet Metal Works and have been a member of Sheet Metal Workers Local 268 for the past 21 years."

"I am also a member of the Refrigeration Service Engineers Society and an active member of Good Shepherd United Methodist Church of Granite City, serving on the board of trustees and the administrative board and chairman of the finance committee."

"I am also an active member of Granite City Masonic Lodge 877, Scottish Rite Bodies, York Rite Bodies, Ainaad Shrine Temple, Tri-City Shrine Club, Granite Chapter 650 of the Eastern Star and Gabriel White Shrine 78."

"The Fourth Ward encompasses a large area including residential, commercial and industrial."

"I am concerned with working with industry to improve relations with the city and its residents. The ward contains the major shopping complexes in the Granite City area, so I am concerned with working with these people to solve traffic problems, a problem that concerns every citizen of Granite City."

"Many residents of the ward are concerned with the crime rate, sewer problems, storm-water drainage and neighborhood decay."

"If elected to the post of alderman, I pledge to devote my time and energy to presenting, as well as working to solve the problems and issues confronting the citizens of the ward and of Granite City—not only for their benefit, but for the benefit of Granite City as a community that we can all take pride in."

"I believe that each alderman must seek to work closely with the city administration, for as we improve the conditions in our particular wards, we improve the conditions in Granite City as a whole, making it a better place to live and raise our families."

FARM LOANS
Congress July 17, 1916, adopted the Federal Farm Loan Act.

SPACE DOCKING
The Soviet Soyuz and American Apollo spacecraft docked in space July 17, 1975.

ROBERT L. STRUBBERG

Robert L. Strubberg, 2532 Adams St., regards himself as an independent candidate for Fourth Ward alderman.

He told the Press-Record, "I am 27 years old and have resided at my present address with my wife, Darlene, and children, Sandra and Robert Jr., for the past 5 years. I have been a resident of the Granite City area 17 years."

"I am employed by the Brown Shoe Co. warehouse in St. Louis. I have been with this company 9½ years. I am a shop steward for Teamsters Local 680 and recently was elected to serve on the negotiating committee for a new contract."

"Years ago, I was financial secretary for a Steelworkers local at the Owens-Illinois Forest Products Division."

"I also have a bookkeeping and income tax service in my home."

"My family and I are members of St. Joseph's Church, where I had the pleasure to serve as president of the Parents and Friends Club for the school during the past year."

"I attended the schools in Madison. I joined the Marine Corps at the age of 17. I completed my education there while serving a two-year enlistment."

"In 1959, I received an honorable discharge from the Marine Corps and returned to Granite City to make my home."

Strubberg comments, "It is time to have an alderman who cares about his ward and will do something about it, especially in the West Pontion and Johnson School areas."

"We need a new street from Street have needed curbs and storm drains for many years. Briardell and West Pontion Road need playgrounds. We need good programs for teenagers and better-guarded security for senior citizens."

"I oppose allocating expenditures for projects all over the city. If we would put the money in the area at a time, in this way something could be accomplished that will be seen forever, not work that no one can see."

"The city is now heading in the right direction in dealing with sewer line breaks."

"We need a new street from 25th to the Crossroads Shopping Center. A street along the railroad tracks would relieve traffic from Benton, Fehling, Madison Avenue and Johnson Road."

"The people who live in this area should be polled before any new construction of businesses is allowed," Strubberg says.

"Granite City should try to grow in every direction. There should be industrial parks designated in and around the city. We have lots of space."

"The foreign trade zone is a good start. Let's not lose this one. We need jobs badly."

"I will be against any tax increase. We have to encourage home buying, not drive it away. We need to find better ways to utilize our tax dollars than we now have."

FOSTER L. FREDERICK

"I am a candidate for the office of alderman of the 4th Ward," Foster L. "Freddie" Frederick reports.

"I am 42 years old, live at 2428 Logan Ave. and have lived in the Granite City area since 1947. My wife, Dottie, and our five children reside at this address also."

"My education consists of a general education development certificate in 1972 and I also attended SIU at Edwardsville. Subjects studied included social science, science, critical thinking, mathematics and astronomy."

"I worked 20 years at the Union Star and Miles Laboratory plant until the closing in April 1972, and at Corn Sweeteners until November 1972."

"I also worked at A. O. Smith Corp. from December 1971 until August 1973."

"In August 1973 I went to work at Granite City Steel as a journeyman tinner. I am a member of Local Union 30, United Steelworkers."

"Union offices held in Local 7-663 were shop steward, grievance committee member, negotiating committee member, vice-president, delegate to the Tri-City Trades and Labor Council and chairman of the Committee on Political Education as well as service on other committees."

"I am a Korean veteran and served 18 months, 22 days of overseas duty. I am also a member of Moose Lodge 722 and the Tri-City Park Tavern."

"My reason for seeking the office of alderman is that I think people deserve more for their money than they are getting. If I am elected, I will make myself available to the people and work with other city officials to try and make this ward and city a better place to work and live."

"I will work to attract new corporations, plants and businesses to the Granite City area, will work for the overpass in West Granite and will work for better streets and sidewalks throughout the city."

"We need better street lighting and I'll try to relieve traffic congestion. I will only support state and federal legislators who will make the railroad companies maintain all crossings."

"As we all know, it is frustrating to purchase an auto and six months later it shakes and rattles like a pile of junk. This is a shame."

"I will try to better protect

"Our fire department is the best."

"The police need to be gotten out of the City Hall cellar so they can do their job better. Increased cooperation between the council and police department would help."

"I want our city to thrive and prosper, not be stagnant. Let's revive the older area and strengthen it. Let's make it an all-American city once more and, this time, keep it there."

Optimists plan pancake day

Tickets for the annual Optimist Club pancake and sausage day on Sunday, May 1, will go on sale Thursday, according to Dave Parrish, chairman of the event.

At the group's Thursday noon meeting in the YMCA, Parrish reported that tickets will sell for \$2.25 for adults and \$1 for children 12 years of age and under.

Optimist President William Morical reminded the members to make reservations for the Maundy Thursday April 7 luncheon at the First United Presbyterian Church with Carl Roach.

Mayor Paul Schuler addressed the club on progress in the area that administration has helped accomplish.

Next week the program will be presented by Steve Massey, trauma coordinator at St. Elizabeth Hospital.

Charter issued to consulting firm

A foreign corporation charter has been issued by the state of Illinois to Personal Performance Consultants, Inc., 4062 Sara St., Apt. 93, it was announced by Alan J. Dixon, secretary of state.

Charterer for the corporation is Ruth Ann Turner, 4062 Sara St., Apt. 93. Stated capital is \$1,000. President is Carl Tsone and secretary is Douglas D. Joyce.

"The corporation is 'to carry on general consultant and advisory business.'"

Correspondent is Rosenblum, Goldenbers, Silverstein and Zaffit, St. Louis attorneys.

the elderly and also not forget the problems of the young and any other problems the people contact me about."

"I attended meetings concerning the West Granite overpass and several council meetings. After the death of Mr. Robertson, I went through the ward and collected approximately 1,000 signatures asking to be appointed to the remaining term."

"The following organizations wrote letters of support — Tri-City Trades and Labor Council, United Automobile, Aerospace and Agricultural Implement Workers of America, United Auto Workers Local 1715, United Steelworkers of America District 34 sub-district director, Cokes, Waitresses, Cafeteria and Soda Fountain Employees Local 80, Teamsters Local 525, Oil, Chemical and Atomic Workers Local 7463 and Cohen's Foods, Inc. I was not appointed."

"I am appealing to the voters to elect me to the position. I would like the opportunity to serve."

"If elected, I will not owe anything to any party or factional group. I will be free to better serve the people."

Frederick concludes.

Home Tour committee meets

The Arts and Craft committee of the Downtown Neighborhood Restoration Society met last week in the home of Mrs. Viola Favier, 2141 Cleveland Blvd., to discuss plans for the annual Home Tour of the organization set for May 15.

The show will be staged in the 24th street park between Cleveland boulevard and Delmar avenue, and is designed to acquaint people with various arts and crafts and provide an opportunity for artisans and organizations to sell their handicraft.

A requirement form was prepared by the members and is available to any local person or club who wishes to participate in the spring project.

Space rental is set at \$10 and the fee must accompany all applications no later than April 25, it was reported. Completed entries are to be mailed to Emylee Alford, 2017 Missouri Ave.

Those attending the meeting were Emylee Alford, Hank Fundhouser, Bob McLaughlin, Pat Strauser, Betty Applegate and Judy Padgett.

GRANITE CITY PRESS-RECORD Mon., March 28, 1977 Page 17

Easter musical at 3rd Baptist Church

"Kneel at the Cross" will be performed at the Third Baptist Church, 2601 Grand Ave., on Sunday, April 3, at 6:30 p.m.

The musical, composed by Mark Blankenship of Nashville, Tenn., will feature the 22 voice Church Choir and be accompanied by a 23 piece orchestra.

According to John Nading, minister of music, the orchestra, which includes everything from harp to timpani, will greatly enhance and augment the musical presentation.

Also featured will be local

soloists: Alicia Hendrickson, Karen Cline, Donna Millikin, Nick Popilchak and Joyce Richardson.

"Kneel at the Cross" imparts Biblical truths about the death and resurrection of our Lord Jesus Christ. In addition, it tells how the believer, by faithfully accepting the truths and resting upon them in his daily experiences, can become transformed into the image of Christ.

Pastor Ray Johnson extends an invitation to the community to attend "Kneel at the Cross" Palm Sunday at 6:30 p.m.

Bethel 43 names Beau Brummel

Members of Bethel 43, Order of Job's Daughters, selected Jay McNall as the 1977 Beau Brummel to preside at the annual "wearing of the green" dance sponsored by the Bethel at the Masonic Temple, last week.

Kimberly Rapp, honored queen, announced the candidates and escorts as they entered the room which included Richard Miller and Sheryl McGee; Dennis Worthen and Tracy Dimock; Robert DeCourcey and Robin McBee. "Beau Brummel" was escorted by Kendra Rapp. His crown was an Irish top hat and his scepter was an Irish shillelagh.

He is the 17-year old son of Mrs. Margaret McNall and has been a member of the James Stuart Chapter, Order of DeMolays for one and a half years and is presently Chaplain of the chapter.

There were 150 people who attended the dance. Music was provided by "Fantasy" under the leadership of Phil Baker. Earlier in the day a "dime-a-dip" luncheon and style show was held at the Masonic Temple, sponsored by Bethel 43. The event was held from 1 to 3 p.m. and attracted about 150 people.

Mrs. Marilyn Lunsford served as commentator for the show which presented the spring and summer fashions from Marilyn's House of Fashions.

JAY McNALL
Beau Brummel

Those serving as models were Misses Leann Baker, Sherry Clemenson, Tracy Dimock, Jill Donley, Gena Fox, Laura Gant, Chris Lewis, Robin McBee, Sheryl McGee, Mary Lou Metcalf, Carolyn Ozanich, Kendra Rapp, Kim Rapp, Michelle Root, Micky Segedy, Mrs. Marilyn McBee, president of the Mother's Club and Mrs. Rebecca Slate, guardian of the Bethel.

GC Service Club elects

The Granite City Junior Service Club met last week at the Downtown Neighborhood Presbyterian Church to elect officers for the ensuing year and to plan various spring events.

Those selected to serve for the 1977-78 club year include Pam Reed, president; Sue Riess, first vice-president; Janet LeGrand, second vice-president; Faith Holsinger, recording secretary; Janet Warren, corresponding secretary and Wilma Eddington, treasurer. Board members are Beverly King, Carolyn Thornburg, Mary Lou Worthen, Dorothy Hatfield, Zoe Mance and Brenda Weckman. Mrs. Mary Lou Richardson was appointed chairman of a committee to plan the installation banquet set for April 18 at the Cheshire Inn, Clayton, Mo.

Members agreed to sponsor a booth at the Downtown Neighborhood Restoration Society's Home Tour scheduled for May 15, to feature a variety of craft items.

The annual mother and daughter banquet is planned for May 2 at Howard Johnson's according to Mrs. Weckman, chairman. She will be assisted by Dorothy Hatfield and Mrs. Worthen.

As a community project Mrs. King, Gale McFarland, Jannie Staats, Mrs. Warren, Mrs. Weckman and Mrs. Worthen will entertain the residents of Colonades Nursing Home today.

Hostess Miss Flora Mae Lensing served as auctioneer at a club bake sale prior to adjournment.

Attending were members Pam Reed, Mary Lou Richardson, Zoe Mance, Wilma Eddington, Janet Warren, Brenda Weckman, Faith Holsinger, Jannie Staats, Gale McFarland, Mary Lou Worthen, and probationary members, Gail Miosky, Betty Nighohossian, Jo Ella Harris, Donna Polivick, Rose Ann Bates and Joan Wachter. Guests were Jennifer and Elizabeth Harris, daughters of Mrs. Harris.

Bay View studies women of history

Mrs. Margaret Annovitz presented a program on notable women in American history at a meeting of the Bay View Reading Club, Thursday afternoon.

She selected Mary Catherine Goddard, who as an official printer was responsible for the printing of the original Declaration of Independence, as the highlight of the program.

Mrs. Herman Huxel was hostess for the gathering held at St. Peter's Evangelical United Church of Christ, Nineteen

members attended and Mrs. Verna Stuart led the pledge to the flag and recited the club collect.

President Mrs. Bette Rea presided at the business session and appointed Miss Mary Frances Lynch, Miss Hazel Towery and Mrs. Stuart, to the program committee for the forthcoming year.

Reports were given by Mrs. Walter Klein, secretary and Mrs. Dorothy McCauley, treasurer.

Mrs. Huxel, Mrs. A. E. Krumsiek and Mrs. Emil Mueller will attend the county meeting of the Federation of Women's Clubs on Wednesday, it was announced.

Representatives to the spring meeting of Federated Clubs of Illinois to be held in Wood River, will be Mrs. Rea and Mrs. Stuart.

Others attending were Dorothy Buente, Bea Cooley, Lily Dod, Mayme Frohardt, Carrie Jansen, Ertha Johnson, A. E. Krumsiek, Mary Frances Lynch, Emil Mueller, Katie Reese, Arthur Willman and an associate member Bess Lewis.

Women hear points on personal safety

Officer Friendly Glenn Wright of the Granite City Police Department spoke about prevention of assault and protection of the individual and the home at the March dinner meeting of the Granite City Steel Women's Association.

The group met last week in the cafeteria at the GCS General Office Building.

A ham dinner was served at tables decorated with ceramic owls, large and small birds made of felt and an array of potted plants.

At each place setting, a handmade felt bookmark shaped as an owl, created a decorative favor.

Hostesses were Ginny Ansel, chairman, Billy Mae Wilson and Karen Segar. Mrs. Kathleen Murphy gave the invocation.

Officer Friendly reviewed techniques women can employ to defend themselves against an attacker, emphasizing his suggestions with demonstrations shown in a movie.

He described safety precautions to be taken in safeguarding the home from theft and vandalism and personal measures to protect oneself.

The law enforcement officer discussed his role as Officer

Friendly when visiting local grade schools to talk with the younger children.

The program enables a child to become acquainted with a policeman and to regard the officer as a friend, rather than a person to fear.

Officer Wright also described the efforts within the community of the Crime Blocker program, which enlists the aid of citizens in notifying police by phone upon seeing a possible crime in progress in their own neighborhood.

Many questions were posed by the women following the police officer's presentation.

In the business session, reports were given by Doris Fox, recording secretary; Wanda MacDonough, treasurer; and Joe Ann Bauer, who read correspondence.

A social hour concluded the program and prizes were awarded to Pearl Campbell, Wanda Schewe, Nancy Feile, Marge Burkhardt, Ann Holton, Doris Fox, Julia Barnes, Verna Engkel, Mary Stegle, Elsie Hawk, Dolores Allen, Muriel Foesick, Lucille Foesick, Jene Lybarger, Millie Clements, Kathleen Murphy, Juanita Stajduhar and Marie Higgins.

River Bluffs spring meeting Wednesday

The annual spring meeting of the River Bluffs Girl Scout Council will be held beginning at 9 a.m. Wednesday, March 30, at Central Christian Church, 2020 Johnson Road.

An election of officers and board members will be included on the business agenda, with local residents among the candidates.

Mrs. Edna Bono of Granite City is on the ballot as a member-at-large for a three year term. She is currently serving as co-chairman of the council cookie campaign and is a member of the finance committee and the nominating committee. She has served as neighborhood chairman, neighborhood cookie chairman and leader.

Mrs. Bono is also a candidate for the nominating committee for a one-year unexpired term.

Mrs. Evelyn Tolliver of Venice and Mrs. Margaret Henderson of Granite City are also candidates as members-at-large.

Tolliver is currently serving as a member of the board of directors and is a former neighborhood chairman, assistant day camp director and troop leader.

A past member of the board of directors, Mrs. Henderson was former staff member at camp. She had served with the Tri-City Girl Scout Council.

Lentz-Woehrle nuptials

An out-of-town wedding of interest here was that of Miss Helen Woehrle, a daughter of Mrs. Lorraine Woehrle of Alexandria, Va., and Frank Edward Lentz, a son of Mr. and Mrs. John Lentz, of Hazelwood.

The bride is a graduate of Wake Forest University, Winston-Salem, N.C.

The groom is a graduate of Georgia Southern College, Statesboro and John Marshall School of Law in Atlanta. He is also the grandson of Mrs. Claudia Lentz, 3133 Fehling Road, and the late John D. Lentz.

The newly married couple are now residing in Atlanta, Ga.

**Dedicate part
of home as
religious site**

Mr. and Mrs. Omar W. (Ida) Evans, 406 State St., Madison, have completed arrangements to open a portion of their home to any religious group in need of a meeting place, or to anyone who wishes to attend programs arranged by the hosts for Sunday afternoons.

Special dedication services were conducted by the Rev. W. L. Showers on Thursday evening.

Prayer meetings, and a Bible study program to be conducted by Ron and Ida Singleton and gospel singing will be featured each Sunday at 2 p.m., according to Mrs. Evans.

Information or reservations for the hall may be made by calling Mrs. Evans at 451-9627 or the Singletons at 452-2565, it was noted.

NOTICE

WHAT OTHERS SAY ABOUT paul schuler

Mayor Schuler has encouraged a responsive, honest and open form of city government. We are fortunate to have a Mayor with Paul Schuler's excellent character, ability and dedication to Granite City.

MARILYN LAYLOFF
(Mrs. Thomas Layloff)
2832 Grand Ave.

Granite City has been a winner under Mayor Paul Schuler's leadership. His record of accomplishments for all the citizens of Granite City regardless of age, ethnic background or social status speaks for itself and that is why I am behind Paul Schuler 100%. I want another four winning years for all of us.

ANDY FRYNTKO

As a resident of Granite City, I have been acquainted with Mr. Paul Schuler for the past 45 years. I knew him as an above average student in the public schools where he excelled as an athlete, lettering in a majority of sports. I knew him as a private citizen, a religious individual always willing to help his neighbor and friends. I know him as our mayor while a member of Citizen's Advisory Committee.

I feel that under Mayor Schuler's leadership our city is moving forward, therefore I am asking all of my friends to support Paul Schuler for Mayor on April 5. I say quote "If a man is doing a good job why change" unquote.

NORMAN MARTINEZ
2227 Alexander St.

I am voting for Paul Schuler and I am also volunteering my time to help re-elect Mayor Schuler for two main reasons: 1. He has done a good job as Mayor and by his record he deserves a second term; 2. Paul Schuler has proven to me he is sincerely interested in youth and their problems.

BRUCE ROTTER (age 19)
2717 Washington

I am going to vote for Paul Schuler and hope that he is re-elected.

I have heard Paul Schuler speak at C.B. meetings and I know he will support all C.B.'ers.

MANUEL VANZANT
(Ragman)

It has been my pleasure during Mayor Schuler's term of office to enjoy the greatest co-operation between his office and mine. As a result, we have been able to effectively represent the citizens of Granite City.

I have found him to be an able and innovative leader and wholeheartedly endorse him for re-election.

SAM M. VADALABENE
State Senator

Paul Schuler and I have been friends and team mates for the past 25 years. The courage and good judgment he displayed on the playing field has carried over in his four years as Mayor of Granite City. Let's all help re-elect Paul as our Mayor.

JACK SCARBOROUGH
3229 Fehling Road

PAID FOR BY SCHULER FOR MAYOR COMMITTEE—3501 NAMEOKI RD.

English lecturer scheduled Friday

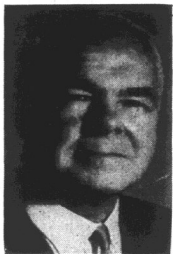

Parents and children alike need to face up to the current moral crisis, Geith A. Plimmer, C.S., of London, England, will bring out Friday, April 1, in a public lecture in Granite City.

"As I've watched television in the United States," he said, "I've often seen this pathetic question flashed on the screen, 'Do you know where your children are tonight?'"

An internationally-known lecturer on Christian Science, Mr. Plimmer will speak in the auditorium of the Christian Science Church, 2560 Delmar Ave., at 8 p.m. Friday, April 1. Mr. Plimmer will be introduced by Mrs. Janet James, lecture committee chairman of First Church of Christ Scientist, Granite City.

"The purpose of the ten commandments," the lecturer added, "is not to take away our freedom. It's to show us how to keep it. The commandments don't imprison us, then; they keep us out of prison. So they're not really ten restrictions on liberty, but ten sound means of keeping us all at liberty. And greatly are they needed in a permissive society like ours today."

Mr. Plimmer has traveled extensively since becoming a member of the Christian Science Board of Lectureship in 1961. Prior to that time he served for seven years as District Manager of Committees on Publication for Great Britain and Ireland.

GEITH PLIMMER
Guest speaker

A native of Perth, Western Australia, he was educated in New Zealand and at the University of Adelaide, South Australia. He withdrew from a successful career in education many years ago to devote his full time to the healing ministry of Christian Science. He has represented his denomination in a number of radio and television appearances on the BBC in London.

"The healing of Moral Weakness" is the subject of his local lecture, which is open to the public without charge and child care will be provided during the lecture, it was announced.

Spring events planned by Church Women United

Blanket Sunday, May 1, and a clergy-representative meeting on April 21, are upcoming activities of Church Women United (CWU) which were reviewed Thursday by the CWU executive board.

The group met in the home of Mrs. Marge Pennell, president. Mrs. Sharon Rush gave the opening prayer.

Plans were made for the annual Clergy-CWU Representatives meeting, taking place at noon, April 21 at Central Christian Church, 2020 Johnson Road.

Women representing their church in Church Women United are to be asked to invite their minister and wife, or priest and assistant priest to attend the event, Mrs. Pennell announced.

Mrs. Pam Peters reported details of Blanket Sunday, scheduled May 1, when blankets and donations are received at various churches.

Donations to the project will be dedicated at May Fellowship Day, set Friday, May 6, starting at noon, at Nidringhaus United Methodist Church, 20th Street and Delmar Avenue. Mrs. Marion Pierson is serving as coordinator of the traditional spring program.

Volunteers still are needed to help in the "Friends-in-Learning" project at Washington Grade School.

The volunteers assist a child on a one-to-one basis for one hour on one day each week, Mrs. Delores Vogler, chairman explained.

A field trip is planned soon for the participating pupils and assistance is needed to make the event successful, she added.

Mrs. Grace Lensing reported church groups are continuing to sponsor birthday parties at Colonial Haven Nursing Home.

The "Layettes for the Newborn" program urgently needs any type of layette garment, together with cash donations or filled Eagle Stamp books to purchase diapers, Mrs.

Jeanne Heatty, chairman, informed the group.

Paperback editions of the New Testament also are being sought to include in each layette for the new mothers-to-be, Mrs. Heatty said.

Individuals or business firms wishing to donate items to the layette project are invited to contact Mrs. Heatty, or any CWU officer.

Altar Society hear speech students

St. Elizabeth School speech students each gave a presentation at the monthly meeting of the Altar Society, conducted last week in the school cafeteria.

Those participating in the program were Bobby and Rhonda Hiker, Danny Counts, Sue and Debbie Barnett, Carol Favier, Michelle Loftus, Wendy McVey and Lynda Loftus.

President Mary Evalyne Yenchou presided and announced the quilt of the month was won by Vicki Lopez. The Madonna prize was awarded to Pat Niles and Pat Loftus received the evening prize.

Officers of the organization served refreshments after the meeting.

Bethel fetes past queens

Past Queen's Night and initiation of new members were observed by Bethel 43, Order of Job's Daughters at its semi-monthly meeting held last week at the Masonic Temple.

Kimberly Rapp, honored queen, conducted the business segment and introduced past queens, Mrs. Gerry Ferguson, Mrs. Miriam Merz, Miss Patty Brokaw, Mrs. Betty Klaus, Mrs. Charlotte Rapp and Mrs. Elsie Rodell, as they were escorted.

Also introduced were Mrs. Norma Duncan, past grand guardian of Illinois and Mrs. Rebecca Slate, guardian.

The ceremony of initiation was conducted for Misses Melanie Barrett, Carrie Boyer, Theresa Buzich, Daria Kay Daigger, Robin Earhart, Deann Fife, Nancy Griffith, Debbie Hundley, Theresa Layer, Loretta Paschedag and Tina Rainwater.

Miss Rapp reported the dime-a-dip luncheon and style show was successful and she extended appreciation to all those who assisted and to the people who attended the event.

Refreshments were served to 85 members and parents at tables decorated in a cherry blossom time theme with small cherry trees used as centerpieces.

"The next meeting will be at 7 p.m., April 12, and will feature 'Advance night,' it was announced.

Mayor Schuler seniors guest

Mayor Paul Schuler was a guest at the monthly pot luck dinner of The More the Merrier Senior Citizens, held Thursday afternoon, at the Senior Citizen Center, 1922 Edison Ave.

A portion of the meal was donated by Mayor Schuler and Nelson Hagnauer, it was announced by the president, John Winklemeyer. The president presented an honorary membership card to the mayor during the business meeting.

Chaplain Ruby Corbett opened the meeting with the pledge to the flag and recitation of the Lord's Prayer.

Also introduced were Betty Burger, a guest and new members, Mr. and Mrs. Lester Thiele, Mr. and Mrs. O. H. Schwartz and Mr. and Mrs. Thomas Crawley.

The president reported two members who are ill, Theresa Dear, who is a patient at Jewish Hospital, St. Louis, and Eleanor Paterson now in St. Elizabeth Hospital.

Prizes were won by Betty Cooper, Filomena Gruber and Hal Painter. There were 52 members who attended the meeting and social hour.

A business and birthday meeting is set for 2 p.m., April 14 and those observing birthdays are to bring cakes, it was noted.

ENGAGED. Miss Nancy Sue McCommis whose engagement to Ricky Lynn Koonce is being announced by her parents, Mr. and Mrs. Boyd D. McCommis, 2919 Benton St. Wedding plans are indefinite at the present time.

Nancy McCommis is betrothed

Mr. and Mrs. Boyd D. McCommis, 2919 Benton St., are announcing the engagement of their daughter, Nancy Sue, to Ricky Lynn Koonce, son of Mr. and Mrs. Chester M. Koonce Jr., Dupu, Ill.

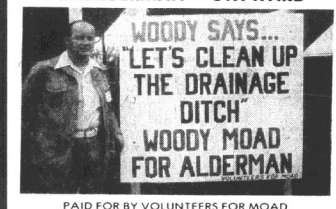

The bride-to-be is a student at Southern Illinois University at

Response to deterioration of old sewers among campaign topics

(Second of two articles)
Is a glass half-full or half-empty? Is the weather partly cloudy or partly sunny? It depends on one's point of view. Did Granite City fail to get one-third of the federal reimbursement it sought for expenses related to 1973 sewer breaks, or did it succeed in obtaining two-thirds? The answer may depend on one's attitude toward the April 5 municipal election in Granite City.

The topic has been injected into the current campaign through advertisements and debate comments.

To an extent, the discussion is hard to pin down to specifics. It relies on contentions that are disputed.

Some see a parallel to four years ago, when a pre-election allegation was voiced and was kept "on the front burner," while a judge delayed bringing it to a hearing. Finally, another judge agreed to hear the case, a candidate was exonerated and the issue became a non-issue.

Handling of sewer break repairs has simmered along as an issue but has not approached any kind of formal conclusion because the allegations defy formal judging. Those who say they have knowledge of the topic decline to testify in a way that would lead to actual adjudication.

Nor would they go unchallenged if they did speak out. For example:

GRANITE CITY PRESS-RECORD Mon., March 28, 1977 Page 20

Bovay Engineers, Inc., advised the Federal Disaster Assistance Administration regarding sewer repairs as follows:

"In addition to a substantiation of the design analysis of the dewatering procedures, no irregularities involving the dewatering operation were detected from a review of the daily work logs from the Granite City engineer's office."

"There were perhaps some inefficiencies, but these must be expected in a 'crash' operation."

"In some locations this was reflected by extended pumping times such as at Franklin. However, any problem encountered there appeared to have been eliminated in subsequent dewatering efforts."

"From the information obtained, it appears that the methods and procedures generally employed were both practical and well founded from an engineering standpoint," Bovay wrote.

It will be recalled that snow- and rain-flooded river flooding tested Mississippi River flood barriers to their maximum in 1973.

The underground water table rose above the level at which Namooki area sanitary sewers had been installed a generation ago. Pipes not designed to be under water weakened, shifted and broke at numerous points.

Massive problems resulted and experts sometimes differed on the most appropriate remedial methods.

Officials say they publicly advertised for bids from contractors to begin coping with dewatering, bypassing, repairs and related tasks. Two bidders responded and the best proposal was accepted, they relate. A contractor who failed to bid later unsuccessfully proposed further study.

Much later, he and a statistician (who was quoted as being unwilling to speak under oath) questioned whether some of the work performed was the ideal way to proceed, and in some cases whether there had been payments for work not done.

Union manning requirements were observed, accounting in some respects for what such critics viewed as discrepancies. The fact that not all expenditures were reimbursed by the federal government was not due to discrepancies but rather to the application of relatively inflexible standards, some city officials say.

Arbitrary limits were set on daily costs, and on how long after the river flood a sewer break could be attributed to it. Of the \$1,359,731 for which reimbursement was sought, some phases were approved initially and additional amounts were authorized after appeals by the municipality. Reimbursements have reached \$892,327.

Critics at one time sought to intervene with federal auditors, other residents said it would be more appropriate to seek full possible reimbursement, rather than trying to cast doubt in an effort to reduce the amount reimbursed.

The federal audit that was held led to a report "prepared under a federal-state disaster assistance agreement dated May 7, 1973, between the Federal Disaster Assistance Administration and the State of Illinois."

"The purpose of this audit was to determine if the summary of documentation submitted by the project applicant to the Illinois Emergency Services and Disaster Agency at Springfield, Ill., in regard to approved Project Application OEP-373-DR-9 for the City of Granite City, State of Illinois, was in order for approval."

"Our examination was made in accordance with generally accepted auditing standards and the OEP Audit Manual, and included such tests of the records and supporting documentation as we considered necessary in the circumstances."

"All invoices, labor records and payroll records were examined as well as all cancelled checks issued in payment. We also examined all contracts, union agreements and the Madison County Emergency employment program," the auditors wrote.

Auditors were said to have broad authority to obtain facts and to render an informed decision. When they completed their work, the U. S. certified the city as entitled to a variety of reimbursements.

The federal auditors inspected the original contract, labor contracts, payroll records, invoices, all city records and all other documents they regarded as necessary.

Based in part on the administrative appeal by the city had been the cutoff date on disaster-connected breaks.

Also cited was a decision to allow \$1,785 per day instead of the competitive bid amount of \$2,500 for dewatering work. A \$1,000 rate for bypass pumping was approved.

Questions concerning \$222,500 of the billing by the low bidder, P. Ernest, opposed by Street Superintendent Lionel Portell, were turned over by the city to an independent auditing firm, Curry, Lenhardt and Associates.

All monies billed were substantiated by comparing the original contract, the union contract, city log, contractor payroll records, city employee records and all bills and vouchers.

The audit failed to reveal any substantial errors and, the auditors' opinion, the billings were substantiated.

Campaign advertising this month has used such phrases as "mail to the East St. Louis indicted firm for the sewer repairs." The last six words closely link the indictment reference to "sewer repairs" but it actually dealt with an unrelated federal highway project.

The question of construction methods has been dealt with by many authoritarians. The Griffin Wellpoint Corporation wrote, "This will confirm our discussion of dewatering costs on the Granite City sewage plant and similar wet excavations in the Granite City-East St. Louis area."

"No two excavations, even within short distances of each other, will have the same ground water problem. Even at one excavation, the soil strata on one side of the hole will be at variance from the other side."

"Geologically, on the east side of the Mississippi River we have alluvial deposits of water-bearing layers, varying from

semi-to highly pervious.

"Careful screening of the soil profile is required... and even then it is possible that a thin course layer that can regrade faster than a dewatering system can remove the ground water."

"This unbalanced condition may cause a boil during excavation operations with foundation soils."

"Under the above conditions it is most difficult to estimate the dewatering costs in advance on any proposed excavation in this area."

Final payment to the contractor, Ernest, was approved by the city in July 1975, subject to approval by auditors of the state and federal divisions of the Federal Disaster Assistance Administration. The firm repaired 17 sewer breaks under contract in 1974 and 1975.

Supt. Portell said a chart he prepared showed the firm did not do 50 days of dewatering and 47 days of bypass pumping. He said he didn't propose non-payment, but did urge emphasis on the term "estimate."

"It was my contention that the bills should have been adjusted to cover only work performed. We don't want the union rules requiring a full week's pay — when workers worked only several days a week on a particular job."

In the contract, it was stated that the city had no effective way to avoid the contractor's adherence to union work rules.

"When the firm began sewer repair work I was authorized to sign work orders," Portell said. The first job was on Ames Avenue and I signed that order. They then went to Boyle Avenue and I signed that."

"I also signed the order for work on Franklin Avenue, but it looked like that one was going to be a lifetime job. I decided I could sign no more work orders."

He said that later work orders were signed by Alderman Ernest Dawes as chairman of the Street and Alley Committee and by Casmer Skubish as inspector for sewer repairs. He added that the chart was based on listed work compared to Skubish's log.

Portell opposed charges for operation of two pumps if both pumps were at one sewer break site, he said.

Army Corps of Engineers comments on the situation posed by the sewer breaks have been challenged as inaccurate. Skubish Hydrant, Inc., has made the following comments:

"We are furnishing you dewatering equipment on a rental basis and made recommendations for the dewatering method which you followed."

"After the initial recommendations for procedure on the basic contract, we returned to the area at your request on three different occasions to inspect additional areas, and made recommendations for layout and procedure on these additional areas."

"These recommendations were followed and these areas were successfully dewatered. The Corps of Engineers' representatives criticized the method of dewatering and the length of time involved on the dewatering along with other phases of the work."

"This criticism was made after observation of a very small portion of the work and, by their own admission, a very limited knowledge of the subsol conditions."

"Their expert in this field, Mr. Crisp, acknowledged that he had not designed a system for this work, and that he did not have sufficient information to offer a formula for dewatering design."

"Also, a parallel was drawn for the Centreville area eight to 10 miles removed from the area in which your work is being performed."

"In general, the Corps of Engineers' criticism was based on theory without specific knowledge of existing conditions."

"Regarding the Corps' suggestion that sheet piling be used, in our opinion, even though sheets were used dewatering would still be required."

"The Corps of Engineers' representative suggested that excavation be made to the water table prior to design and installation of the dewatering system."

"This would be of no benefit as, in this case, the soils above the ground water table would have no bearing on the dewatering operation."

"It would complicate the construction operation and would entail a partial excavation of the area, a delay while dewatering equipment was installed, and cause washing and caving of the slopes during the jetting operation."

"Our recommendations were based on sound engineering practice and design theory

tempered with judgment gained from long experience under similar conditions and, in this instance, conditions experienced in the immediate area."

"In general, this Granite City area consists of an overburden made up of top soil and fine silty sand to a depth of 15 to 25 feet."

"Below this fine silty sand, for approximately 30 feet, is a clean, poorly-graded sand ranging in gradation from medium to coarse with some gravel."

"In the work that you have under contract, the bottom of your excavation lies just above the bottom of the fine silty sand."

"This fine silty sand has a very low permeability, consequently yields water to a collector system very slowly and results in a very sharp drawdown curve."

"The aquifer below the fine silty sand has a relatively high permeability."

"The ground water table in the Granite City area has been encountered on this project at from seven to 10 feet below the surface of the ground."

"This lower-medium to coarse material would be classified as being in a semi-confinement of the water table as encountered it is under an Artesian pressure."

"Our recommendation was and is to extend the collectors into the more pervious material where the yield is much greater, thus producing a tendency toward a flat drawdown curve and a greater potential drop."

"This method has proven successful and most economical where other methods have failed and modification in the installation of shallow collectors was necessary to complete the dewatering."

"The Corps of Engineers' representatives feel the collectors should be installed in the fine silty sand with no attempt to collect the water under pressure from the more pervious material below."

"This method would require installation of the system on each side of the trench, with

each collector and riser encased in a sand filter to increase the collection capacity."

"Also, a larger number of collectors would be required due to the low yield of this fine silty sand. This substantially increases the rental cost and greatly increases the installation cost."

"In the operation, up to the present time, those areas in which subgrade lies no more than 15 feet below the original ground, dewatering has been accomplished with wells on one side of the excavation."

"We further point out, where the collectors are installed in a material with low permeability, due to the head differential and the sharp drawdown curve, the arc in the center of the area between the collector systems is much higher than the drawdown in the collectors."

"The above reasons and past experience make it impractical and uneconomical to attempt to dewater by means other than those now in use."

"We again state, we disagree with the recommendations of the Corps in this dewatering operation and we will be most pleased to confer with you or your representatives or the city officials to be of any assistance possible in the solution of your problems."

At a public debate held at

GCHS South, David Partney, a former of mayor candidate Daniel Partney, asked Mayor Paul Schuler, "Why was the 1973 sewer repair contract awarded to Pines Ernest of East St. Louis when the firm was then under indictment on federal bid rigging charges?"

"Were you not called by several people? Did not G. H. Sternberg (former alderman and former mayor candidate) offer to help in selecting a contractor without his firm offering a bid?"

Mayor Schuler answered, "I did receive a phone call from G. H. Sternberg, and he told me he had missed the advertisement for bids in the paper and then he began to berate the Ernest firm. I thought it was sour grapes then and I think it is sour grapes now."

"I did check the background of Ernest. He was indicted for bid rigging on a state highway job in Missouri, not the sewer project in Granite City."

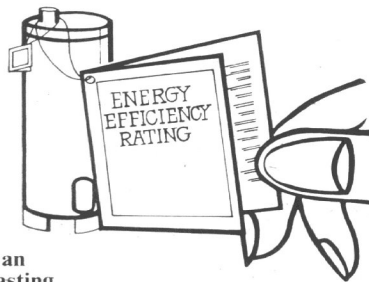

Daniel Partney responded, "I know for a fact Gene Sternberg did offer the services of his firm to help set up bid specifications."

One of Mayor Schuler's aides said the Granite City Club debate asked why the Ernest contracting firm was used to repair sewer breaks

A WORD TO THE ENERGY WISE ABOUT APPLIANCE BUYING

Why replace an old energy-wasting appliance with a brand-new energy-wasting appliance?

We regularly pass on to our customers ideas for using appliances wisely. Now here are some tips on buying appliances wisely.

In today's market, appliance manufacturers are offering energy-efficiency data and energy-saving features on many models. Make it a point to look for these features. Today, it simply doesn't pay to replace an old

energy-guzzling appliance with a new one with the same problems.

Look for:

- water heaters with an extra thickness of insulation around the tank
- air conditioners with the top rating for energy-efficient operation (they're not all the same.)
- refrigerators and ranges with the better-insulated cabinets and energy-conserving automatic controls
- washing machines with a wide range of short and

long washing cycles and the automatic pre-soak control.

- clothes dryers with well-insulated cabinets, short drying cycles and easy access to vents for cleaning.

It may take a little extra time to choose the appliance that's most energy-efficient. And it may not be the cheapest. But you'll wind up with a better investment for your appliance dollar.

For specific suggestions on replacing appliances, ask the Energy Use Advisor at our office.

IP ILLINOIS POWER

I WHY, ARE THERE CERTAIN MADISON POLITICIANS SO INTERESTED IN THIS ELECTION THAT THEY ARE PERSONALLY CONTACTING RESIDENTS OF GRANITE CITY ATTEMPTING TO OBTAIN VOTES FOR MY OPPONENT?

II WHY, WHEN PREVIOUS ADMINISTRATIONS UTILIZED A MAXIMUM OF TWO ATTORNEYS, DOES THE PRESENT ADMINISTRATION REQUIRE FOUR STAFF LAWYERS, TWO OF WHOM, ALSO REPRESENT THE CITY OF MADISON?

III WHY, DID THE MAYOR AND OTHER OFFICIALS, BY PERSONAL APPEARANCE AND PHOTOS, TRY TO HOG CREDIT FOR A LIGHTING PROGRAM AT ST. ELIZABETH SOCCER FIELD, A PROGRAM THAT WAS PAID FOR SOLELY BY THE SALE OF CANDY BARS OVER MANY YEARS BY THE CHILDREN INVOLVED IN THE Y.M.C.A. SOCCER PROGRAMS?

IV WHY, HAS THE MAYOR AND CITY ADMINISTRATION SUDDENLY ERECTED SIGNS, PUSHED SHOVELS AND OBVIOUSLY ATTEMPTED TO CREATE AN APPEARANCE OF CITY ACCOMPLISHMENTS AT ELECTION TIME FOLLOWING FOUR YEARS OF WASTED TIME AND WASTED MONEY?

V WHY, HAS THE MAYOR FAILED TO PROVE THAT QUESTIONS RAISED BY THIS SERIES OF ADS AND STATEMENTS IN PUBLIC FORUMS ARE FALSE?

IF ELECTED, I PLEDGE TO THE PEOPLE OF GRANITE CITY, THAT THIS QUESTIONABLE TYPE OF ADMINISTRATION WILL BE STOPPED.

DANIEL J. PARTNEY
MAYOR

GRANITE CITY
APRIL 5, 1977

ELECT — ELECT — ELECT — ELECT — ELECT — ELECT

PAID FOR BY "GET GRANITE GOING"
WARREN DECATUR, CHAIRMAN

Continued from Preceding Page even though the company was under federal indictment.

Schuler responded, "Indictment is an accusation, not a conviction. In 1973, the city had had problems. The mayor and the City Council decided to attack the problem head-on and find an ultimate solution for our sewer breaks."

He contended the Ernest bid was the best one received for the work and five separate audits were made of the books related to sewer repair work, all showing that the bills paid "were legitimate."

The mayor said there were reviews by the United States attorney's office, the Madison County state's attorney's office, the city's certified public auditors, a two-month study by the Illinois Department of Transportation, all giving the city and project "a clean bill of health."

Bovay Engineers have reported to the FDAA as follows:

"By contract agreement dated June 30, 1974, Bovay Engineers, Inc., was requested to make a study of damaged sewers in greater East St. Louis, and prepare damage survey reports on approximately 100 sewer breaks in St. Clair and Madison Counties, Ill., selected by FDAA and review the dewatering problem in Granite City."

"During the period of July 8 to Aug. 16, 1974, a team of three engineers made field investigations of each of the damaged sewers, including contacts with the responsible official of each local governing body, obtaining all available relevant information to the damaged sewers."

"In addition, Mississippi River data was obtained from the St. Louis District Corps of Engineers and ground water table information was obtained from the Illinois State Water Survey Division."

"This information was then compiled and damage survey reports prepared for each damaged sewer item recommended as eligible as flood-related damage."

"The results of the investigation and study show a trend where the damages located near the river have sufficient relationship to river level changes to be considered eligible as flood-related damage."

"Where the damages are located four or more miles from the river, the relationships to river level changes do not appear sufficient to be considered eligible as flood-related damage."

"There were a number of

exceptions to this trend when other evidence indicated the eligibility or ineligibility of the particular items," Bovay wrote.

"Damage survey reports have been prepared for the damage claims—30 claims are recommended as eligible as flood-related damage, showing Bovay's recommendation of eligibility for each item. Also attached is a discussion of the criteria and procedures used in this work."

"To establish a recommended cutoff date for sewer damages related to the 1973 flood, reference is made to Hydrographs Profiles I, II and III."

"The curves on river level and ground water table elevations indicate that both river and ground water levels receded to low elevations by October 1973. It would seem reasonable that all flood-related damages would be associated time-wise to the period of May 1973 flood crest to October 1973."

"Considering that, frequently, damage to buried lines does not materialize until sometime after the damage occurs, it appears that the damages discovered in flood-related areas during a period after the river levels recede could well be related to the flood."

"Any damages that were found during the period of October 1973 to January 1974 could be considered in this category, as the ground water level remained at relative low elevations."

"January 1974 could be considered as a cut-off date for damage claims; however, a condition pointed out in the next paragraph appears to have started to occur in January 1974, and continued to progress to about the first of June 1974."

"This condition of increased river water levels with accompanying high ground water levels subjects some of the sewer lines again to a wet condition, and could result in infiltration and possible sewer damage."

"The damage area observed during this period could be the acceleration of damage started during the 1973 flood, or the possible creation of new damage."

"In our presentation we have called damages that have occurred as flood-related during this period eligible. We feel that June 1, 1974, should be the latest date considered for the suspension of flood related damages."

"A condition shown by the

hydrographs should also be considered. The period included in the hydrographs is from January 1966 to July 1974."

"During this period the averages of high and low of river and ground water levels have been steadily increasing in elevation."

"If this trend continues to the point where previously existing dry sewer systems become wet sewer systems as a result of the water table elevations becoming higher than the sewer systems, infiltration and possible sewer damage can be expected to continue."

Bovay continued, "Dr. James Kanipe, P.E., of Limbaugh Engineers, Inc., Albuquerque, N.M., assisted the three-man team in the review of the dewatering problem in Granite City."

"A field reconnaissance was made of the damaged area and information obtained from the state of Illinois on the ground water table and geology of the American Bottoms area."

"The methods used and the time taken to dewater the damaged areas appear reasonable based on the investigation made."

"Costs of well point dewatering the Granite City area, assuming a typical 100-foot header, reused at least 15 times, is in the order of \$2,000 to \$4,000 per day, depending on number and depth of well points required for the particular area."

"It is apparent from on-site field inspections together with reviews of geological data and soil boring logs that the stratigraphy of the East St. Louis and vicinity area is a development of river alluvium composed of a 15 to 20-foot-thick stratum of silt and the fine sands immediately underlain by a relatively thick structure of medium to coarse sand."

"Since the sanitary sewer lines in the area are generally 12 to 18 feet deep, it can be seen that these lines are bedded in the silt-fine sand layer below."

"The silt-sand layer inherently has a very low permeability, which results in very slow flows when the water attempted to be drawn out by a dewatering system."

"As a result, the vertical collector of a wellpoint system would have to be at a relatively close spacing and would require encasement in sand filters in order to operate in any satisfactory manner."

"Even with a system such as this, it could be expected that the water infiltration would not be dry due to upward percolation of the easily flowing water in the rather close layer of coarse sand below."

"The physical aspect of the subsurface conditions as described would logically lead to a wellpoint system design that would incorporate vertical collectors which would penetrate into the free-flowing aquifer below the silt-fine sand stratum."

"Although this may result in a relatively high volume of water to be pumped, this procedure appears to be the most economical way to achieve a drawdown condition which would result in a dry excavation."

"The above analysis agrees essentially in all respects with the comments furnished in the letter from Stang Hydraulics."

"The reason for this is that it is considered that the Stang recommendation represents logical, straightforward, good engineering evaluation and design. The validity of this analysis is backed up by the experience and expertise of the Stang Company."

"In addition to a substantiation of the design analysis of the dewatering procedures, no irregularities involving the dewatering operation were detected from a review of the daily work logs from the Granite City engineer's office."

"There were perhaps some inefficiencies, but these must be expected in a 'crash' operation. In some locations, this was reflected by extended pumping times such as at Franklin. However, any problem encountered there appeared to have been eliminated in subsequent dewatering efforts."

"From the information obtained, it appears that the methods and procedures generally employed were both practical and well founded from an engineering standpoint," the engineers concluded.

A partial solution to the deterioration of the 1950s-era sewer system is being provided by a program developed after Mayor Schuler appointed a Community Resource Commission and asked it to help develop a solution.

In consultation with the Sverdrup & Parcel engineering firm, the commission proposed

television observation of sewer interiors and TV-guided grouting and repairs.

This approach was launched in August 1975 and has continued on an expanding basis, steadily reducing the backlog of unresolved sewer problems.

Citing a Feb. 2, 1977, letter from the Carborundum Co., Mayor Schuler said it underscored the soundness of the commission's recommendation. "Rehabilitation of the sanitary sewers is being accomplished without any increase in taxes," he noted in voicing gratitude to the citizens for their "aid in resolving this most difficult problem."

The Carborundum letter related that the firm "would like to commend the City of Granite City and especially your Public Works Department, headed by Mr. Monroe Brewer and his staff, Mr. Portell and Mr. Slack, on the progressive and efficient action taken to correct your city's sewer problems."

In the past 14 months you have purchased two sewer television and grouting units from my company and have tackled the massive sanitary sewer infiltration and structural problems as few other cities in the ten Midwestern states under my representation have done."

"In fact, I have taken the liberty of presenting Granite City to many larger and newer cities throughout the Midwest as a model of progressive, efficient management and execution of inspecting, repairing, rejuvenating and maintenance of a sanitary sewer system."

"In only 14 months approximately 50,000 feet of sewer lines have been televised and/or grouted by your fine department crews."

"Had this work been done by an outside contractor, you could already anticipate an approximate cost to your taxpayers of over \$200,000 plus chemicals. You can estimate how this figure would mushroom over the next five to 10 years."

"I not only thank you for purchasing your equipment

Carl Specking savings league vice-president

Members of the Madison-Jersey County Savings Association League elected new officers for the 1977-78 year at a monthly meeting in Alton.

Malcolm Kindig, of Home Savings and Loan Association, Alton, was elected chairman; Carl Specking, of Madison County Federal Savings and Loan Association, Granite City, was elected vice-chairman; and Thomas Stromske, of Germania Federal in Alton, was re-elected secretary.

Representatives of savings and loan associations in each of the cities served by the league meet once each month to discuss situations of a mutual interest and new, or changes in, regulations governing the savings and loan business.

from Cues, but for helping our industry prove to municipalities everywhere that cities can, with capable, far-sighted management, resolve their own sewer problems at tremendous cost savings to the taxpayer."

NOTICE FOR PUBLICATION

TO: WILLIAM J. DAVIS (FATHER OF) PATRICK DAVIS 77-J-48 and to All Whom It May Concern.

Take notice that on the 21st day of March, 1977 a petition was filed under the Juvenile Court Act by State's Attorney in the Circuit Court of Madison County entitled "In the interest of Patrick Davis, a minor", and that in Circuit courtroom at Edwardsville on the 18th day of April at the hour of 1:30, or as soon thereafter as this cause may be heard, an adjudicatory hearing will be held upon the petition to have the child declared to be a ward of the court under that Act. The court has authority in this proceeding to take from you the custody and guardianship of the minor, and to appoint a guardian.

Now, unless you appear at the hearing and show cause against the petition, the petition may be taken for confessed as against you and each of you, and an order, judgment or decree entered.

NOTICE OF PETITION TO PROBATE WILL

IN THE CIRCUIT COURT OF MADISON COUNTY, STATE OF ILLINOIS.

COUNTY OF MADISON, ss. In the matter of the Petition for Probate of the Last Will and Testament of JOHN FABISHER-FABISIAK, Deceased.

To all persons whom this may concern—GREETINGS:

You are hereby notified that on the 26th day of February, 1977, an instrument in writing purporting to be the last will and testament of John Fabisher-FabisiaK, deceased, was filed in the Circuit Court Probate Division of Madison County, Illinois, and that also on the same date was filed a petition, asking that the said instrument in writing be admitted to probate as and for the last will and testament of John Fabisher-FabisiaK, deceased.

Said petition states that the following named persons are all the known heirs at law, legatees and devisees of the said deceased, to-wit:

William J. Fabisher, 2571 Ponton, Granite City, Illinois. Paul Ashford, 1630 Third Street, Madison, Illinois. Alexander Fabisiak, Gdynia, Poland. Jirina Komazik, Zaskow, Poland. Geniwe Pawluk, Obriet, Poland. 4 children of Constanty Fabisiak, do not know whether they are living or dead, believed to be in Poland.

And that the other heirs at law, if any, of said deceased are unknown to said petitioner.

You are further notified that the hearing of the proof of the said last will and testament has been set by said court for the 13th day of April 1977 at the hour of 9 o'clock A.M. in the Circuit Court Probate Division at the Court House in Edwardsville, Illinois.

When and where you may appear and show cause, if any you have, why said instrument in writing should not be admitted to probate as the last will and testament of said John Fabisher-FabisiaK, deceased.

WILLARD V. PORTELL
Clerk of the Circuit Court
Dated at Edwardsville, Illinois, this 9th day of March, 1977.

ORDINANCE NO. 3395

AN ORDINANCE

DESIGNATING A STOP INTERSECTION AT THE INTERSECTION OF BREMEN AVENUE AND BALL AVENUE IN THE CITY OF GRANITE CITY, ILLINOIS.

SECTION 1: That the intersection of Bremen Avenue and Ball Avenue is hereby designated as a stop intersection pursuant to the provisions of Section 19.203 of the Municipal Code of the City of Granite City, Illinois, and it shall hereafter be unlawful to drive any westerly bound vehicle on Bremen Avenue without first bringing the vehicle to a full stop in compliance with the provisions of said Section 19.203.

SECTION 2: That the intersection of Bremen Avenue and Prairie Avenue is hereby designated as a stop intersection pursuant to the provisions of Section 19.203 of the Municipal Code of the City of Granite City, Illinois, and it shall hereafter be unlawful to drive any westerly bound vehicle on Bremen Avenue without first bringing the vehicle to a full stop in compliance with the provisions of said Section 19.203.

SECTION 3: That the intersection of Bremen Avenue and Prairie Avenue is hereby designated as a stop intersection pursuant to the provisions of Section 19.203 of the Municipal Code of the City of Granite City, Illinois, and it shall hereafter be unlawful to drive any westerly bound vehicle on Bremen Avenue without first bringing the vehicle to a full stop in compliance with the provisions of said Section 19.203.

SECTION 4: That the intersection of Bremen Avenue and Prairie Avenue is hereby designated as a stop intersection pursuant to the provisions of Section 19.203 of the Municipal Code of the City of Granite City, Illinois, and it shall hereafter be unlawful to drive any westerly bound vehicle on Bremen Avenue without first bringing the vehicle to a full stop in compliance with the provisions of said Section 19.203.

SECTION 5: That the intersection of Bremen Avenue and Prairie Avenue is hereby designated as a stop intersection pursuant to the provisions of Section 19.203 of the Municipal Code of the City of Granite City, Illinois, and it shall hereafter be unlawful to drive any westerly bound vehicle on Bremen Avenue without first bringing the vehicle to a full stop in compliance with the provisions of said Section 19.203.

SECTION 6: That the intersection of Bremen Avenue and Prairie Avenue is hereby designated as a stop intersection pursuant to the provisions of Section 19.203 of the Municipal Code of the City of Granite City, Illinois, and it shall hereafter be unlawful to drive any westerly bound vehicle on Bremen Avenue without first bringing the vehicle to a full stop in compliance with the provisions of said Section 19.203.

SECTION 7: That the intersection of Bremen Avenue and Prairie Avenue is hereby designated as a stop intersection pursuant to the provisions of Section 19.203 of the Municipal Code of the City of Granite City, Illinois, and it shall hereafter be unlawful to drive any westerly bound vehicle on Bremen Avenue without first bringing the vehicle to a full stop in compliance with the provisions of said Section 19.203.

SECTION 8: That the intersection of Bremen Avenue and Prairie Avenue is hereby designated as a stop intersection pursuant to the provisions of Section 19.203 of the Municipal Code of the City of Granite City, Illinois, and it shall hereafter be unlawful to drive any westerly bound vehicle on Bremen Avenue without first bringing the vehicle to a full stop in compliance with the provisions of said Section 19.203.

SECTION 9: That the intersection of Bremen Avenue and Prairie Avenue is hereby designated as a stop intersection pursuant to the provisions of Section 19.203 of the Municipal Code of the City of Granite City, Illinois, and it shall hereafter be unlawful to drive any westerly bound vehicle on Bremen Avenue without first bringing the vehicle to a full stop in compliance with the provisions of said Section 19.203.

SECTION 10: That the intersection of Bremen Avenue and Prairie Avenue is hereby designated as a stop intersection pursuant to the provisions of Section 19.203 of the Municipal Code of the City of Granite City, Illinois, and it shall hereafter be unlawful to drive any westerly bound vehicle on Bremen Avenue without first bringing the vehicle to a full stop in compliance with the provisions of said Section 19.203.

SECTION 11: That the intersection of Bremen Avenue and Prairie Avenue is hereby designated as a stop intersection pursuant to the provisions of Section 19.203 of the Municipal Code of the City of Granite City, Illinois, and it shall hereafter be unlawful to drive any westerly bound vehicle on Bremen Avenue without first bringing the vehicle to a full stop in compliance with the provisions of said Section 19.203.

SECTION 12: That the intersection of Bremen Avenue and Prairie Avenue is hereby designated as a stop intersection pursuant to the provisions of Section 19.203 of the Municipal Code of the City of Granite City, Illinois, and it shall hereafter be unlawful to drive any westerly bound vehicle on Bremen Avenue without first bringing the vehicle to a full stop in compliance with the provisions of said Section 19.203.

SECTION 13: That the intersection of Bremen Avenue and Prairie Avenue is hereby designated as a stop intersection pursuant to the provisions of Section 19.203 of the Municipal Code of the City of Granite City, Illinois, and it shall hereafter be unlawful to drive any westerly bound vehicle on Bremen Avenue without first bringing the vehicle to a full stop in compliance with the provisions of said Section 19.203.

SECTION 14: That the intersection of Bremen Avenue and Prairie Avenue is hereby designated as a stop intersection pursuant to the provisions of Section 19.203 of the Municipal Code of the City of Granite City, Illinois, and it shall hereafter be unlawful to drive any westerly bound vehicle on Bremen Avenue without first bringing the vehicle to a full stop in compliance with the provisions of said Section 19.203.

SECTION 15: That the intersection of Bremen Avenue and Prairie Avenue is hereby designated as a stop intersection pursuant to the provisions of Section 19.203 of the Municipal Code of the City of Granite City, Illinois, and it shall hereafter be unlawful to drive any westerly bound vehicle on Bremen Avenue without first bringing the vehicle to a full stop in compliance with the provisions of said Section 19.203.

SECTION 16: That the intersection of Bremen Avenue and Prairie Avenue is hereby designated as a stop intersection pursuant to the provisions of Section 19.203 of the Municipal Code of the City of Granite City, Illinois, and it shall hereafter be unlawful to drive any westerly bound vehicle on Bremen Avenue without first bringing the vehicle to a full stop in compliance with the provisions of said Section 19.203.

SECTION 17: That the intersection of Bremen Avenue and Prairie Avenue is hereby designated as a stop intersection pursuant to the provisions of Section 19.203 of the Municipal Code of the City of Granite City, Illinois, and it shall hereafter be unlawful to drive any westerly bound vehicle on Bremen Avenue without first bringing the vehicle to a full stop in compliance with the provisions of said Section 19.203.

SECTION 18: That the intersection of Bremen Avenue and Prairie Avenue is hereby designated as a stop intersection pursuant to the provisions of Section 19.203 of the Municipal Code of the City of Granite City, Illinois, and it shall hereafter be unlawful to drive any westerly bound vehicle on Bremen Avenue without first bringing the vehicle to a full stop in compliance with the provisions of said Section 19.203.

SECTION 19: That the intersection of Bremen Avenue and Prairie Avenue is hereby designated as a stop intersection pursuant to the provisions of Section 19.203 of the Municipal Code of the City of Granite City, Illinois, and it shall hereafter be unlawful to drive any westerly bound vehicle on Bremen Avenue without first bringing the vehicle to a full stop in compliance with the provisions of said Section 19.203.

SECTION 20: That the intersection of Bremen Avenue and Prairie Avenue is hereby designated as a stop intersection pursuant to the provisions of Section 19.203 of the Municipal Code of the City of Granite City, Illinois, and it shall hereafter be unlawful to drive any westerly bound vehicle on Bremen Avenue without first bringing the vehicle to a full stop in compliance with the provisions of said Section 19.203.

SECTION 21: That the intersection of Bremen Avenue and Prairie Avenue is hereby designated as a stop intersection pursuant to the provisions of Section 19.203 of the Municipal Code of the City of Granite City, Illinois, and it shall hereafter be unlawful to drive any westerly bound vehicle on Bremen Avenue without first bringing the vehicle to a full stop in compliance with the provisions of said Section 19.203.

SECTION 22: That the intersection of Bremen Avenue and Prairie Avenue is hereby designated as a stop intersection pursuant to the provisions of Section 19.203 of the Municipal Code of the City of Granite City, Illinois, and it shall hereafter be unlawful to drive any westerly bound vehicle on Bremen Avenue without first bringing the vehicle to a full stop in compliance with the provisions of said Section 19.203.

LIMITED WARRANTY
K mart FIVE WAY
NEW TIRE REGULAR HIGHWAY TYPE

1. **TREAD WEAR** - If the tread wears out (3/32 inch or less remaining) before the maximum number of months or miles of service, the tire will be replaced at a 25% discount off the new list price of the tire, plus applicable Federal Excise, State and Local Taxes. Tread Wear Warranty does not apply to Snow tires.

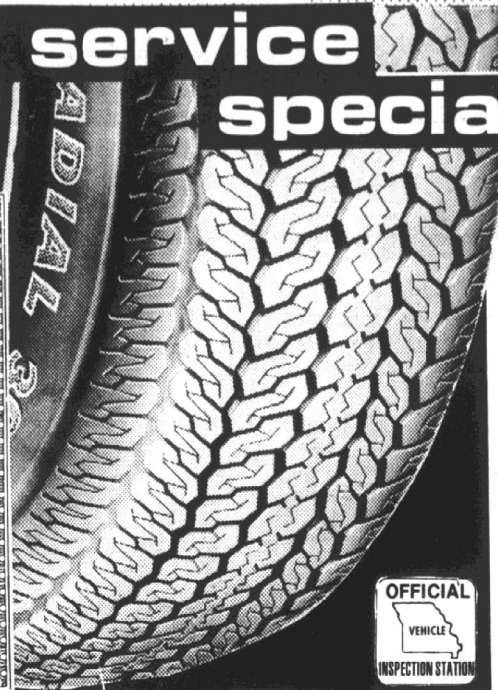

2. **COMPLETE 90 DAY REPLACEMENT** - If the new tire is rendered non-serviceable for any defect or road hazard reason during the first 90 days from the date of purchase, it will be replaced at NO CHARGE.

3. **WORKMANSHIP AND MATERIAL** - Every new tire sold by K mart is warranted against all failures due to defects in workmanship and material for the life of the original tread.

4. **ROAD HAZARD** - Any regular passenger tire that fails due to road hazard during the designated number of warranted months or miles, will be repaired or replaced at K mart's option. The replacement tire will be provided using current list price, charging only for the months or mileage used, plus applicable Federal Excise, State and Local Taxes.

5. **ADJUSTING** - All adjustments will be based on the full list price (not sale price) in effect at time of adjustment provided for the months or mileage used, plus applicable Federal Excise, State and Local Taxes. All adjustments must be accompanied by proof of purchase at K mart. This warranty applicable only to original owner.

EXCLUSION
 Tires sold as "blends" are not warranted for wear or defects.

LIMITED WARRANTY (OWNERSHIP DURATION) WARRANTY

A K mart Maintenance-Free battery will be replaced, if defective, to the original purchaser-owner as long as the battery remains in the vehicle in which it was originally installed. Any such battery which is defective in material or workmanship or fails to hold a charge, will be replaced with a similar new battery upon return to K mart and presentation of sales receipt. This warranty does not apply to batteries which have been damaged, misused, or commercially used by the purchaser.

PRESSURE TREATED LANDSCAPE TIMBERS

Landscape timbers provide attractive yet functional landscape edging. They blend attractively into residential, commercial & recreational landscape treatments. Pressure treating with C.C.A. (Chromated Copper Arsenate) wood preservative keeps the timber safe from decay & fungus attack for years. This is a "full treatment" process which drives the preservative deep into the wood fibers, rather than surface dipping. Installation is easy & fast. Timber weight is approx. 46-lbs., approx. measure 3 1/2" x 5" x 8" long.
